POWERING A BIGGER TOMORROW

Pursuing growth with perseverance and resilience has been our steadfast focus since inception, making the brand 'Finolex' synonymous with quality and high customer confidence and loyalty. Our ability to leverage our manufacturing prowess, innovative spirit and technology has allowed us to diversify our product offerings across the market and widen our reach throughout India, propelling our stature as one of the most prominent Indian wires and cables brands.

The rebound in economic activity during the past fiscal has set the right precedent for sectors to reinvent themselves and regain lost ground from pandemic-led disruptions in the past two years. Today, consumer preferences have evolved as they demand quality and aspirational products. Multiple opportunities are also unfolding in the wires and cables sector with increased infrastructure development and construction activity.

We continue to invest in product development, operational efficiencies, capacity expansion, brand positioning and the distribution network for diversifying our product categories and expanding across states to cater to the evolving needs of a larger customer base. With right growth levers and strategic investments in place, we are poised for accelerated growth and a stronger future.

FINOLEX AT A GLANCE

Founded in 1958, Finolex Cables is the most diversified and leading manufacturer of electrical and telecommunication cables in India. Over the years, we have established ourselves as a reputable and quality manufacturer supported by our strategic pillars of manufacturing excellence, innovation and technical expertise. We ventured into the manufacturing of fast-moving electrical goods (FMEG) to become a full-service electrical products company and capitalise on rising prospects in the B2C consumer segment. Our commitment to maintaining the highest standards of quality and corporate governance practices has helped foster trust and a deep connection with our customers.

Finolex Cables is a debt-free Company having a turnover of over Rs. 4,481.1 crores, 5 manufacturing sites and 1,546 employees.

POWERING AHEAD WITH A STRONG LEGACY

Since inception, our constant pursuit of growth backed by strong perseverance has seen us brave umpteen obstacles while achieving significant milestones. Throughout the year, we have focussed on continuous expansion and modernisation to capitalise on opportunities and address challenges. Our ability to reinvent ourselves, persevere and rise above innumerable challenges dates back to the time of India’s difficult partition phase. During the 1950s, when we were the first to introduce the concept of using stranded conductors

for electrical wire manufacturing; in the late 1980s, when we were the first Indian private sector company to manufacture Jelly Filled Telephone Cables (JFTC); and our aggressive approach to portfolio diversification to offset the adverse effects of mobile phone usage in India on our JFTC business. Inspired by our rich and resilient past, we are poised for an accelerated growth phase amidst our relentless pursuit to tap opportunities across a challenging and demanding landscape.

Vision

To maintain Leadership as the Largest and most Diversified Cable Company in India, we prioritise total Quality, Latest Technology and the Best Customer Service.

- First in India to make multistrand wires
- First in India to launch FRLS wires and cables
- First in India to manufacture LAN cables with UL verification
- First in India to manufacture auto cables
- First in India to manufacture co-axial cables using the physical foam process
- First and only company in India to manufacture power cables up to 500 kV through Joint Venture
- First across the Indian private sector to manufacture and supply JFTC to DoT
- First in India to make aerial cable designs
- First in the industry to be integrated backwards, capturing the entire value chain

EFFICIENT MANUFACTURING CAPABILITIES

Our five modern manufacturing facilities, strategically located, are equipped with the latest technology, to enable us to manufacture high-quality products and ensure timely delivery of products to our pan-India customers. We are actively expanding our existing capacities to enhance operational efficiencies and meet the growing demand.

TECHNOLOGY PARTNERSHIPS

Our tie-ups with technology partners have helped us adapt and align our product and process capabilities to advanced technologies. Through our partnerships, we have developed innovative solutions to cater to the highly evolving Indian market segment.

PROMINENT BRAND POSITIONING

Our customers strong trust and confidence in our commitment to quality, safety and resilience has helped us emerge as an established brand and resulted in sound growth.

BACKWARD INTEGRATION

As part of our backward integration strategy, we manufacture compounds, copper rods, glass fibers and other raw materials in-house. It gives us greater control over raw material availability, pricing and quality, improving overall manufacturing efficiency and delivering high-quality products at affordable prices.

DIVERSIFIED PRODUCT SUITE

As a complete electrical products company, we offer a wide array of products comprising wires, cables, lighting solutions, electrical accessories, switchgear, fans, water heaters, LAN passive components and irons to serve the various needs of our diverse customers.

WIDESPREAD DISTRIBUTION NETWORK

Our focus on maintaining a diversified distribution network, with a specific emphasis on the FMEG sector has allowed us to deepen our market penetration and expand our customer outreach.

STRONG FINANCIALS

Our healthy financials, with zero net debt, have solidified our business growth while initiating long-term value creation for all our stakeholders.

CHAIRMAN'S MESSAGE

At Finolex Cables, we are well-positioned to seize the opportunities presented by these market dynamics and accelerate our performance. To effectively convert these opportunities into tangible results, we remain dedicated to strengthening our dealer and distributor channels across various regions, bolstering product availability.

Dear Shareholders,

I am pleased to reconnect with you to discuss our Company's performance and future direction. Our focussed efforts to strengthen our business and leverage improving market conditions have resulted in promising outcomes during the past year. Additionally, our plans for investments in capacity expansion using internal resources exemplify our commitment to sustainable, long-term value creation.

Entering FY 2022-23, the Indian economy witnessed a robust revival as numerous businesses returned to normalcy, driven by growing public confidence in pandemic management. Favourable macro-economic indicators, coupled with government emphasis on infrastructure development and digitalisation, created a positive environment for India's wires and cables industry. The revival in the real estate sector further fuelled the industry's growth. Our Company's performance for FY 2022-23 reflects our success in capitalising on these opportunities. The volume of our electrical wires segment grew by around 16%, optic fiber cable volumes increased by

over 50%, and all other products within the communication segment exhibited volume growth exceeding 25%.

The year, however, was not without challenges. The repercussions of Russia's invasion of Ukraine triggered significant inflation and interest rate impacts on a global scale. The Indian economy experienced a sustained inflationary trend, especially notable during the first half of the year. Escalating prices outpaced the growth of consumer incomes, resulting in weakened consumer sentiment. Consequently, discretionary spending remained sluggish, leading to muted

growth within our FMEG segment. Additionally, regulatory changes to energy efficiency norms during the year impacted the volumes of new products within our FMEG segment.

Combining our performance across business segments, we achieved revenue from operations of Rs. 4,481 crores, representing a growth of 19% compared to Rs. 3,768 crores in the previous year. This growth can be attributed to improvements in volume and increased retail penetration. Our Profit before Taxes reached Rs. 646 crores, demonstrating a growth of over 22% compared to Rs. 526 crores in the previous year. Our firm financial standing, characterised by a debt-free balance sheet and strong cash position, empowers us with the capability to internally finance our capital expenditure and working capital needs. Operationally, we expanded our distribution network by 25,000 touchpoints, reaching a total of 2,00,000 retailers while our overall plant utilisation remained healthy at 70%.

We have consistently invested in enhancing our manufacturing capabilities and capacities to meet the growing demands of our customers and drive higher growth. With the Indian economy projected to maintain its growth momentum in the coming years, the demand for wires and cables will remain robust across various sectors. Keeping the future in focus, we have planned a capital expenditure of Rs. 500 crores over the next 18-20 months to expand our plant capacities in all product categories. We are also investing in backward integration to manufacture optical fiber preforms and expand our fiber draw capacity. We are expanding our auto cable capacity by 50% and building additional compound manufacturing capacity. The upcoming capacities are slated to be commercialised by the second half of FY 2024-25. Additionally, we are progressing with the establishment of an e-beam facility as part of our ongoing expansion plans.

We also remain Focussed on improving our systems and processes to drive operational excellence. This includes closely monitoring inventory levels and streamlining cycles whenever feasible. In this regard, we have initiated a project aimed at optimising the end-to-end supply chain, leading to inventory reduction from raw materials to finished goods. Simultaneously, this project aims to improve delivery and customer service. To accomplish these objectives, we are collaborating with a reputable consultant and leveraging automation, AI and technology. Although the project is in its early stages, we anticipate significant results within a 12 to 18-month timeframe. Another key focus area will be

enhancing order execution speed to safeguard margins and drive profitability.

The wires and cable industry outlook remains highly promising, driven by demand from key sectors including automobiles, construction and industrials. The government's sustained focus on infrastructure development is expected to enhance the demand environment for the wires and cables industry. Furthermore, government initiatives such as Bharat Net Phase II, aimed at improving broadband connectivity, will continue to drive growth for communication cables. The capital expenditure by telecom players on optic fiber cables will contribute to increased demand in the communication cables segment. The Indian FMEG sector is also poised for substantial growth, propelled by macro drivers such as evolving consumer aspirations, rising awareness, increasing income levels, rural electrification and urbanisation.

At Finolex Cables, we are well-positioned to seize the opportunities presented by these market dynamics and accelerate our performance. To effectively convert these opportunities into tangible results, we remain dedicated to strengthening our dealer and distributor channels across various regions, bolstering product availability. Our focus on capacity expansion and backward integration ensures increased volumes, superior quality and safeguarded margins. Furthermore, we are committed to introducing new products within the FMEG domain and making strategic investments to enhance our brand visibility. By executing these initiatives, we are confident in maximising our growth potential.

In conclusion, I would like to express my appreciation to our employees for their contributions throughout the year. Their dedication and hard work have been instrumental in our success. I would also like to extend my sincere gratitude to our esteemed Board Members for their invaluable guidance and insights. Additionally, I want to acknowledge and thank our stakeholders, including customers, bankers, financial institutions, channel partners, business associates and suppliers, for their support. Guided by an ambitious vision that is backed by right investments and capabilities, I firmly believe that our Company is on the path to power a bigger tomorrow and deliver sustained value.

Warm Regards,
Deepak Chhabria
Executive Chairman

STRENGTHENING EFFICIENCIES TO ACCELERATE GROWTH

We are equipped with the right drivers to tap the growing opportunities across our segments. We remain committed to expanding our geographical foothold, enhancing capacities, and diversifying our business to meet rising demand, increase revenues, and drive growth.

WIDENING OUR DISTRIBUTION REACH

We continue to strengthen our distribution network and expand our retail touchpoints to explore new markets and increase our geographic presence. We have implemented a two-tier distribution approach for distributors and retailers with well-defined policy parameters. Each distributor is assigned a territory with the potential to encompass around 2,00,000 retail outlets. To help deepen our distributors and retailer connections, we initiate various activities like wallets and introduced some trading discounts during the year. Our extensive distribution network is spread across 5,000 channel partners and 2,00,000 retailer outlets covering 26 depots across the country. We intend to create a separate network for each of our product lines to increase distribution efficiency

and outreach. We maintain our brand building and channel partner engagements to make our products accessible to a greater number of customers and increase volumes.

STRENGTHENING CAPABILITIES

Strong levers have boosted the demand for our products during the year. To meet the rise in demand and maintain our growth momentum, we continue to expand our existing capacities and invest in a backward integration approach. Our five manufacturing facilities strategically located pan-India are well-suited to adapt to evolving needs of customers while ensuring timely product delivery.

With the business environment gaining pace, our capacity expansion plan is in full swing with a planned capex investment of nearly Rs. 500 crores. It includes the expansion of production capacity for fiber-optic cables, industrial wires, and the FMEG segment. Our recently launched 'Conduits' has been successful with the plant operating at full capacity. We are now increasing capabilities by adding more machines and exploring possibilities of setting up an additional plant to cater to the needs of the regional markets across North and Eastern India.

EXPANDING REVENUE STREAMS

We are continually looking for innovative ways to diversify our business and enhance revenue across multiple electrical product categories. Our foray into the FMEG segment was part of our diversification strategy to establish a firm presence in the competitive consumer electric market. Electrical wires and cables account for 82% of our revenues whereas communication cables and electrical appliances account for 13% and 5% (including Copper Rod) respectively. In the future, diversifying our product mix will help de-risk our business from market downturns in any specific category and generate revenues from consumer electric goods.

WITH THE BUSINESS ENVIRONMENT GAINING PACE, OUR CAPACITY EXPANSION PLAN IS IN FULL SWING WITH A PLANNED CAPEX INVESTMENT OF NEARLY RS. 500 CRORES. IT INCLUDES THE EXPANSION OF PRODUCTION CAPACITY FOR FIBER-OPTIC CABLES, INDUSTRIAL WIRES, AND THE FMEG SEGMENT

DRIVING INNOVATION-LED PRODUCT DIFFERENTIATION

Innovation is the key to our customer-centricity and success. Innovative processes and technology have enabled us to invest in new product development, achieve operational excellence and meet evolving customer demands and achieve strong brand recall. We continue to prioritise innovation to develop new products, scale our business, and acquire a competitive advantage.

EXTENSIVE PRODUCT OFFERINGS

Today’s new-age consumers seek environmentally friendly, low maintenance and easy-to-use products. As conscious customers, they are looking out for Make in India products with contemporary designs, superior quality, and aesthetics. The emergence of this New India trend has led us to invest in product development and develop innovative homegrown products that match international standards.

As a leading B2B electrical wires and cables brand, we offer a diverse portfolio of products across the segment. Our legacy of driving innovation led us to further explore the FMEG segment and launch products that include lighting products, electrical accessories, switchgear, fans and water heaters. The excellent quality, unique designs and superior performance of our products have helped us expand our market outreach and become a key B2C player.

This year, we have added Irons along with a complete range of BEE certified Ceiling Fans; products across our FMEG category to further diversify our product mix. We have also added LAN components to our product range.

NEW PRODUCT LAUNCHES

Crease-Free Irons

In line with diversifying our product mix across categories, we ventured into the small domestic appliances market during the year. We launched Crease-Free Irons to suit the needs of the varied consumers in this segment. Built with cutting-edge technology, our 750W - 1600W iron range include state-of-the-art steam and dry irons with an aim to provide our consumers with affordable and long-lasting products.

Energy-Efficient Ceiling Fans

We have launched an entirely new line of BEE (Bureau of Energy Efficiency) compliant decorative & BLDC Fans. These fans employ brushless direct current electric motors (BLDC motors) technology which uses an electronic motor controller to drive the rotor. Our new ceiling fans use 60%-70% less energy compared to traditional induction motor fans. Models in our elegant BEE 1-5 star rated BLDC fan range offer virtually noise-free operation, unparalleled air supply, high energy efficiency and exceptional performance. Our star rated ceiling fans have been built to help consumers make informed choices while buying energy-efficient appliances that help save energy and reduce electricity bills.

LAN Passive Components

In India, the rise in internet penetration has seen an increase in demand for high bandwidth owing to its increased data transfer capability, low cost and flexibility. To cater to this high demand, structured cabling becomes the need of the hour for the smooth functioning of high bandwidth across commercial operations.

In keeping with evolving market dynamics and tap the growing opportunity, we developed LAN Passive Components in addition to our existing business of LAN cables during the year. Our LAN Passive Components comprise patch cords, information outlets, patch cards and faceplates. These components have been specifically developed to serve the needs of our consumers across high bandwidth demand areas like data centres, IT networks, conference rooms and branch office connections with high-density switches.

ENHANCING BRAND VALUE WITH ASSERTIVE MARKETING INITIATIVES

Our strong value proposition along with a digitally-enabled marketing approach has helped establish us as a premium brand in the wires and cables space, while gradually becoming a household name in the consumer electronics industry.

STRONG NETWORK OF CHANNEL PARTNERS

We have maintained a robust channel partner network with whom we enjoy strong relationships. We keep redefining our distribution strategy to stay updated with emerging market trends across our business and obtain a larger market share for both wires and cables and FMEG segments. Our unique two-tier distribution system and the strategy of positioning the right product at the right point have helped us to increase our product outreach. It has helped to build an extensive distribution network across new towns and ensure our products are available across the width and breadth of the country.

We regularly undertake diverse marketing initiatives to strengthen our channel partner bonds, enhance distribution management systems and promote our products. Increasing our channel partner outreach has helped us to build stronger retail interactions and achieve greater brand visibility across our segment.

During the year, our distribution network comprised 5,000 authorised Channel Partners with 26 branch offices spread across 28 states in India. Our retail touchpoints increased from 1,75,000 in FY 2021-22 to over 2,00,000 in FY 2022-23. After gaining a strong foothold in the urban and semi-urban markets wherein we received a positive response for our products resulting in an increase in sales volume, we are focussing on expanding our network across the rural markets.

DEEPENING CUSTOMER CONNECT

Despite being known as a prominent wires & cables manufacturer, we have strategically diversified to consumer facing categories that demand strong brand building initiatives to connect and engage with our end users. Excellent customer service and trust are the core of our marketing strategy. Our assertive promotion drives, marketing activities and brand-building campaigns have helped maintain customer loyalty while reaching out to new customers across new markets and categories.

No Stress. Finolex

Our **'No Stress. Finolex'** brand campaign was launched expressly to cater to the needs of today's 'work smart – less stress' generation. Through stylish and dependable products, the campaign seeks to provide them with easily accessible solutions. It reaffirms the Company's long-standing commitment of over 60 years to surpass customer expectations by churning out high quality and reliable products.

To further strengthen our connection with customers, Bollywood superstars Kartik Aaryan & Kiara Advani were chosen as the brand ambassadors for our **'No Stress. Finolex'** campaign. As youth icons, their zest and energy helped Finolex Cables forge a strong connect with the new generation of customers.

The campaign also served as the launchpad for the Company's new positioning of 'Xceeds Xpectations', which builds on the rich legacy of quality and reliability that our brand has established over time. The campaign, inspired by the 'X' from Finolex has helped reinvigorate the brand image and provide

a contemporary look and feel to the communicate. It has reinforced the customer's belief in our product performance while helping us connect better with today's youth.

Social media is a powerful tool to reach and engage our target audience, increase brand awareness, and drive sales. However, to achieve these goals, we have developed a structured communication strategy that is a mix of promoting our brand's product range, developing interactive posts, and sharing topical creatives. Our social media strategy is based on three pillars of product promotion, engagement and creativity aligning with our marketing objectives and brand campaign.

Product Promotion: This pillar involves showcasing our product range and highlighting its features, benefits, and value proposition. We have used formats such as images, videos, stories and reels, and live sessions to demonstrate how our products can solve our customers' problems and enhance their lives. Our aim is to generate interest and desire for our products and encourage conversions. We have collaborated with celebrities - Kartik Aaryan & Kiara Advani, to expand our reach and exposure. Our aim is to create buzz and a positive image for our brand.

Engagement: This pillar involves engaging our audience and building a loyal community around our brand. We have used tactics such as polls, quizzes and challenges to invite participation and feedback from our followers. We have been responding to comments and messages promptly and courteously. Our aim is to create a dialogue and a relationship with our customers and prospects.

Creativity: This pillar involves sharing topical creative content that is relevant, entertaining, and informative. We use sources such as trending topics, memes, news, events, and festivals to create content that resonates with our audience and showcases our brand personality.

POWERING A STRONGER TOMORROW WITH INFINITE OPPORTUNITIES

The rebound in economic activity and growing infrastructure development are unfolding tremendous opportunities in the wires and cables sector. With the domestic demand improving due to revival in consumer sentiment and spending coupled with higher market penetration, the FMEG segment is set for a sustained growth trajectory.

POWERED BY MULTIPLE OPPORTUNITIES

The Indian economy is getting back to normalcy and witnessing improved domestic demand across multiple sectors. The wires and cables sector accounts for 40-45% of the electrical equipment industry in India. Supported by robust growth drivers, the industry expects the demand momentum in construction and realty segments to remain strong along with huge growth potential across industrial and automobile sectors. The Government has launched National Infrastructure Pipeline (NIP) for FY 2020-25. With projected infrastructure investment of Rs. 111 lakh crores, to facilitate implementation of world-class infrastructure projects in India. To give a further boost to infrastructure development in the country, the Union Budget

2023-24 has earmarked Rs. 10 lakh crores capital expenditure for FY 2023-24. This is expected to boost infrastructure activity and improve demand for the wires and cable industry.

In the Union Budget 2023-24, the government has allocated Rs. 2,158 crores for an OFC-based network for Defence Services and Rs. 715.8 crores for telecom projects across the North East states. These major drivers for OFC are expected to fuel the sector's transformation in the coming years. The ongoing government-initiative Bharat Net Phase II is aimed to improve broadband connectivity and related technologies in India. This is expected to boost demand for communication cables and drive growth for the sector.

The rise in domestic demand has been supplemented by a resurgence in demand for consumer goods. This has provided the Indian FMEG sector with potential for growth. Evolving customer preferences, the need for quality products, increased income, an increase in brand awareness, rural electrification and digital penetration are the macro drivers for the sector's growing potential.

THE GOVERNMENT HAS LAUNCHED NATIONAL INFRASTRUCTURE PIPELINE (NIP) FOR FY 2020-25. WITH PROJECTED INFRASTRUCTURE INVESTMENT OF RS. 111 LAKH CRORES, TO FACILITATE IMPLEMENTATION OF WORLD-CLASS INFRASTRUCTURE PROJECTS IN INDIA

THE WAY FORWARD

We have a commendable market share of 22% in wires, healthy cash flows, zero debt, and solid working capital management. To tap growing opportunities in the wires and cables segment and FMEG category, we are well equipped with the right growth levers for augmenting our potential growth journey. As a market leader in the wires and cables segment, we offer an extensive product portfolio and distribution presence for both institutional and retail clients. We continue to extend our growth visibility across the FMEG sector by launching new products and increasing our distribution network to increase volumes and market share going forward.

Our sustained investments in product development, operational efficiencies, capacity expansion, brand positioning and widespread distribution network are expected to set the momentum for a strong future.

EMPOWERING COMMUNITIES

We strive to create a positive impact on our communities and the larger society through our holistic CSR initiatives. As a responsible entity, we focus on the progress and development of underserved communities while creating long-term value for our stakeholders. Our proactive approach will help create a meaningful and sustainable impact ensuring a better future for them.

We aim to uplift and empower communities by equipping them with the necessary tools and knowledge to create positive change from within and meet their fundamental needs. Our programmes focussed on providing access to education, healthcare, clean water, and infrastructure among others.

FY 2022-23 CSR INITIATIVES

Promoting Healthcare

We have undertaken various healthcare initiatives during the year. These included providing support to the Maharaj Jagat Singh Medical Trust in Beas, Punjab. We aided in the treatment of diabetic children at Jehangir Hospital in Pune. We helped establish and maintain an ambulance running service at Pawana Hospital in Urse. At the Mangeshkar Medical Foundation in Pune, we installed Intensive Care Units (ICUs) and a TV control system. Likewise, we installed a CIM machine and a MIC analyser machine for Morya Hospital Lab in Pune. Our contribution extends to supporting paediatric heart surgery for underprivileged children. We also distributed TRAX AMBULANCE VAN, artificial limbs, and an anaesthesia machine to Inlaxhs Hospital in Pune apart from providing furniture for its cancer unit. We have also provided free daily breakfast to 100 underprivileged children from Yerwada Basti through the Sadhu Vaswani Mission in Pune.

Promotion of Education

As part of our drive to promote education, we have actively participated in the construction of school buildings and infrastructure during the year. Our efforts extended to supplying projectors, water filters, and benches to various schools in Roorkee while also supporting the renovation of colleges and schools in the region. We also provided cupboards, floor mats, library books and scientific lab equipment at Shree Mahalasa Narayani School, Verna Goa. Additionally, we have distributed a bus for meeting the transportation needs of Deaf & Dumb School, Chinchwad Pune. We have also endorsed the development of Art Centres on Artificial intelligence at Vidya Prathisthan, Baramati.

Conserving Environment

During the year, we supported the Amrit Sarovar Scheme, Roorkee and construction work for the Storm Water Drain Pipeline project, Urse as part of our endeavour to support environmental initiatives.

Providing Food and Nutrition

We distributed food and nutrition via the Akshaya Patra Foundation to help serve the needy and poor segments of society.

Rural Development

As part of our rural development initiatives, we distributed a Bolero vehicle to the Roorkee Police and supported Urse police station by providing them with an inverter.

Social Welfare Initiatives

Our social welfare schemes included distributing a three-wheeler carrier to the old age home at Shankar Maharaj Seva Samithi, Pune, supporting Purna Bhavan, Thathavde, Pune and Missionaries of Charity, Mother Teresa's Home, Chinchwad Pune and supplying grocery, bedsheets and blankets at SAMPARC, Bhaje, Pune.

ECONOMIC REVIEW

Global Economy

The global economy is witnessing signs of resilience in 2023 after the sharp economic slowdown in 2022. The slowdown is expected to be less pronounced in 2023 than previously anticipated. However, higher inflation, tighter monetary conditions, and the Russia-Ukraine war continue to impact the global economy. Further, the banking crisis in March 2023 and a debt-ceiling crisis in the United States have raised concerns over fragile global economic conditions and an impending recession. However, key factors such as the rebounding of China's economy, the gradual unwinding of supply chains, and the recent decline in energy and food prices indicate the

improvement in economic activity and sentiment in 2023. Moreover, inflation is projected to decline from 8.7% in 2022 to 7.0% in 2023 and 4.9% in 2024.

As per International Monetary Fund (IMF), global GDP growth is projected to decline from 3.4% in 2022 to 2.8% in 2023 and rise to 3.0% in 2024. Growth across Advanced Economies (AEs) is expected to decline from 2.7% in 2022 to 1.3% in 2023 before rising to 1.4% in 2024. Emerging and Developing Economies (EMDEs) fared better and grew at 4.0% in 2022 and are expected to grow at 3.9% in 2023 and 4.2% in 2024. Asia-Pacific will be the most dynamic of the world's major regions in 2023, with China and India leading the growth.

Indian Economy

India continues to be among the fastest growing economies in the world. India's recovery from the pandemic has been remarkable. The Indian economy continues to show strong resilience to external shocks and persistent inflation. The accelerated pace of economic reforms has led to strong and sustainable growth and strengthened the position of the Indian economy in the world. India's GDP growth is estimated at 7% in FY 2022-23 as against 9.1% in FY 2021-22. Despite the weak external demand, the merchandise exports registered healthy growth. Further, increasing disposable income will stimulate consumption and boost the demand for goods and services across industries.

As per the International Monetary Fund (IMF), the Indian economy is expected to advance steadily at 5.9% in FY 2023-24 before rising to 6.3% in FY 2024-25. The economic growth is primarily driven by robust domestic consumption, improvement in capacity utilization, and private investments on the back of the government's growth-enhancing policies such as production-linked incentives (PLI) scheme, 'Make in India' and 'Atmanirbhar Bharat', increased allocation for infrastructure and logistics development and affordable housing among others. Further, the government is focused on the core and emerging sectors to enhance the ease of doing business to make India a global manufacturing hub. With multiple growth levers in place, the Indian economy is poised to reach US\$ 5 trillion mark by FY 2026-27.

Having regard to Rule 8 (5) (viii) of the Companies (Accounts) Rules, 2014, the details in respect of adequacy of internal financial controls with reference to the financial statements of the Company are as follows:

Your Company maintains appropriate systems of internal control including monitoring procedures. These internal control systems ensure reliable and accurate financial reporting, safeguarding of assets, keeping constant check on cost structure and adhering to management policies. The internal controls are commensurate with the size, scale and complexity of the Company's operations and facilitate timely detection of any irregularities and early remedial steps against factors such as loss from unauthorized use and disposition. The Company policies, guidelines and procedures provide for adequate checks and balances which are meant to ensure that all transactions are authorized, recorded and reported correctly. The internal controls

are continuously assessed and improved / modified to meet the changes in business conditions, statutory and accounting requirements

Constant monitoring of the effectiveness of controls is ensured by periodical audits performed by an in-house internal audit team as well as assignments entrusted to M/s. Ernst & Young. Both these teams in their respective assignments, test and review controls, challenge business processes for their robustness and benchmark practices in line with industry norms.

The Audit Committee regularly meets and reviews the results of the various internal control audits both with the Auditors as well as with the respective Auditees. The Audit Committee is apprised of the findings as well as the corrective actions that are taken. Periodical meetings between the Audit Committee and the Company Management also ensure the necessary checks and balances that may need to be built into the control system.

- **Risk Management Policy:**

Your Company has set up a Risk Management Committee of the Board of Directors which comprises Mr. Zubin Bilimoria-Chairman, Mr. Deepak Chhabria, Mrs. Vanessa Singh, Mr. Ratnakar Brave and Mr. Mahesh Viswanathan being other members of the Committee. More details of the risks faced by the Company are available in the Management Discussion and Analysis (MDA), attached as "**Annexure A**" to this Report. The Risk Management policy is available at the Company's website at <https://finolex.com/wp-content/uploads/2023/03/Risk-Management-Policy.pdf>

- **Vigil Mechanism / Whistle Blower Policy:**

As required under Section 177 (9) of the Companies Act, 2013 read with Rule 7 of the Companies (Meetings of Boards and its Powers) 2014 and Regulation 22 of the SEBI Listing Regulations 2015, the Company has adopted a policy on vigil mechanism / whistle blower. The policy provides direct access to the Chairman of the Audit Committee, in case any employee should choose to report or bring up a complaint. Your Company affirms that no one has been denied access to the Chairman of the Audit Committee. There were no complaints received during the year. Brief details about the policy are provided in the Corporate Governance Report which is attached as an "**Annexure B**" to this Report. The Whistle Blower policy is available at the Company's website at <https://finolex.com/wp-content/uploads/2023/08/Whistle-Blower-Policy.pdf>

- **Prevention of Sexual Harassment Policy:**

The Company has in place a policy on prevention of sexual harassment in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. An Internal Complaints Committee has been set up to redress complaints received regarding sexual harassment. All employees (permanent, contractual, temporary, trainees) are covered under this policy.

ECONOMIC REVIEW

GLOBAL ECONOMY SCENARIO

The global economy is showing signs of resilience in 2023 after a turbulent year in 2022. However, inflationary pressures, tighter monetary conditions and the prolonged war between Russia and Ukraine continue to weigh on economic activity. Inflationary pressures are eroding real incomes, triggering a global cost-of-living crisis and substantially weakening investment growth. Furthermore, the global banking crisis in the United States has raised concerns over macroeconomic stability across the markets and an impending global recession. With the central banks' efforts to curb inflation by tightening monetary policy, global inflation is projected to decrease from 8.7% in 2022 to 7.0% in 2023 and 4.9% in 2024. Key factors in the improvement in economic activity and sentiment in 2023 are the rebounding of China's economy, the gradual unwinding of supply chains and the recent decline in energy and food prices.

Notwithstanding the headwinds, the real Gross Domestic Product (GDP) grew in the United States, the European Union and major emerging market and developing economies.

The real GDP of the United States grew by 2.1% in 2022, on the back of increased private investment and consumer spending. It is projected to grow by 1.6% in 2023 and 1.1% in 2024. The European economy recorded 2.7% growth in 2022 and is projected to grow at 0.8% in 2023 before rising to 1.4% in 2024.

The International Monetary Fund (IMF) has projected global GDP growth to decline from 3.4% in 2022 to 2.8% in 2023 and rise to 3.0% in 2024. The growth of Advanced Economies (AEs) is projected to decline sharply from 2.7% in 2022 to 1.3% in 2023 before rising to 1.4% in 2024. Economic prospects for Emerging Markets and Developing Economies (EMDEs) are, on average, stronger than those for Advanced Economies. EMDEs grew at 4.0% in 2022 and are expected to grow at 3.9% in 2023 and 4.2% in 2024. The Asia-Pacific region will be the most dynamic of the world's major regions in 2023, predominantly driven by the buoyant outlook for China and India, which will be the major contributors to global economic growth in 2023.

INDIAN ECONOMY SCENARIO

India continues to be among the fastest-growing economies in the world. Despite the spill overs of the global slowdown, the Indian economy is exhibiting resilience and overall economic activity remains strong. As per the second advance estimates released by the National Statistical Office (NSO), India's GDP growth is estimated at 7% in FY 2022-23, as compared to the 9.1% growth achieved in FY 2021-22. Furthermore, despite the weakening external demand, the merchandise exports have registered the highest-ever annual exports of US\$ 447.46 billion with 6.03% growth during FY 2022-23 surpassing the previous year record of US\$ 422.00 billion in FY 2021-22.

As per the IMF, India's GDP per capita at current prices is US\$ 2,600 in 2023, leading to a surge in household consumption. The economic growth rate is projected to decline to 5.9% in FY 2023-24 due to inflationary pressures. Higher inflation remains a challenge and the Reserve Bank of India (RBI) increased the repo rate by 25 basis points in FY 2022-23 to tame inflationary pressures. As a result, India's CPI inflation rate eased to 5.66% in March 2023 from 6.95% in March 2022.

India has a long runway for growth, and as per the IMF, the Indian economy is expected to grow at 6.3% in FY 2024-25. Factors such as a conducive domestic policy environment, various dynamic reforms undertaken by the government such

as higher capital expenditure, production-linked incentives (PLI) scheme and Atmanirbhar Bharat initiative, a focus on domestic manufacturing and infrastructure development, strong domestic demand, export growth, technology-enabled development, and energy transition, among others, will stimulate growth in FY 2023-24.

Outlook

Expanding infrastructure spending occupies a central position in the government's strategy to assist overall economic growth. Investment in infrastructure is one of the seven priorities of the Union Budget 2023-24 and the government has increased capital investment outlay by 33.4% to Rs. 10 lakh crores in FY 2023-24 from Rs. 7.50 lakh crores in FY 2022-23 to boost the infrastructure sector. Furthermore, in the Budget, 66% increase in Pradhan Mantri Awas Yojana outlay to Rs. 79,000 crores has been announced.

There is a surge in private investment in the real estate sector driven by increasing transparency and returns. In addition, the government has allowed FDI of up to 100% for townships and settlements development projects. Private equity investment in real estate remained stable in FY 2022-23 at US\$ 4.2 billion, of which foreign investors' contribution stood at more than 75% and 22% contribution came from domestic investors. The key regulatory reform, Real Estate (Regulation and Development) Act (RERA), is creating a culture of transparent transactions in the real estate sector. Other regulatory reforms such as the introduction of REITs in 2014, the Benami Transactions (Prohibition) Act, GST and the progressive relaxation of foreign direct investment (FDI) norms also led to increased capital flows. The government's thrust for public infrastructure development, higher allocation towards affordable housing and private investments are propelling the growth of the infrastructure and real estate sectors.

COMPANY REVIEW

Established in 1958, Finolex Cables Limited (hereinafter referred to as "Finolex" or "the Company") is India's largest and leading manufacturer of electrical and telecommunication cables. The Company has established its reputation as an innovative leader and one of the most trusted brands in the cables and wires (C&W) industry through its strong innovation and technical capabilities, vast portfolio, manufacturing excellence and ability to provide quality products to its esteemed customer base. Its foray into the Fast-Moving Electrical Goods (FMEG) segment driven by its ambition of becoming a one-stop shop solution for all electrical products requirements provides diversification into the B2C business and new growth avenues for the Company.

The Company has five state-of-the-art manufacturing facilities located at Pimpri and Urse in Pune, Roorkee (Uttarakhand) and Goa. All these plants are ISO 9001 and ISO 14000 certified. The Goa plant manufactures Continuous Cast Copper Rods (CCC rods), a key raw material input for producing copper-based electrical and communication cables. Backward integration ensures greater control over the raw material costs and quality of the final products. Most of the production in the Goa plant is used for the captive requirement of the Company, and the surplus is sold to third parties, the results of which are covered under the 'Copper' segment.

The Company is adding capacity to its existing plants in Goa and Urse. The Company is also actively exploring setting up an additional plant to cater to the needs of the North and Eastern markets in India.

Major Products and Segments

Finolex is well-recognised as a 'Total Cable Solutions' provider and caters to diverse electrical requirements in commercial, industrial and consumer markets through its wide range of electrical wires and cables. Furthermore, its FMEG product portfolio comprises LED lights, electrical switches, fans, water heaters, switchgear, irons and other products.

Revenue Break-Up

Production

- **Electrical Cables:** 59,082 MT in FY 2022-23 compared to 48,166 MT in FY 2021-22.
- **Communication Cables:** Metal-based at 7,127 MT as against 5,961 MT in the previous year.
- **Communication Cables:** Optic fiber cables of 2,626,842 fiber kilometre (FKM) compared to 1,472,435 FKM in the previous year.

Revenue

- **Electrical Cables:** Rs. 3,683.5 crores as against Rs. 3,193.2 crores in FY 2021-22.
- **Communication Cables:** Rs. 579.0 crores compared to Rs. 379.8 crores in the previous year.
- **Copper Rods:** Rs. 23.2 crores compared to Rs. 18.8 crores in the previous year.
- **Other Products:** Rs. 195.3 crores as against Rs. 176.4 crores in the previous year.

Finolex registered total revenue of Rs. 4,481.1 crores in FY 2022-23 as against Rs. 3,768.1 crores in FY 2021-22, registering a 18.9% YoY growth across all major segments, supported by growth in infrastructure and real estate sectors, domestic manufacturing and recovery in consumer demand among others.

The segment-wise revenue growth was:

- Electrical Cables – 15.4%
- Communication Cables – 52.5%
- Other Products Segment – 10.8%

The Electrical Cables segment, which contributes approximately 82.2% of the Company's total revenue, caters primarily to the real estate sector. The performance of the electrical cables segment is linked with the performance of the real estate sector.

The real estate sector has witnessed high growth in recent times, with a rise in demand for office as well as residential spaces and this momentum is expected to continue in FY 2023-24. The growth of the real estate sector can be attributed to factors such as rising urbanisation, increasing business activity, the importance of home ownership, population growth and rising incomes. The residential sector has gained momentum and will remain largely insulated as demand continues to be high. While higher interest rates and rising costs of commodities and construction-related products due to inflation may impact the real estate market to a certain extent; however, the industry is poised for steady growth in the coming years as consumer sentiment is likely to remain positive. The real estate sector is expected to reach a market size of US\$1 Trillion by 2030, accounting for 18-20% of India's GDP.

The following factors are expected to drive the growth of the real estate sector:

- The Office and residential markets in almost all the major cities of India are showcasing improvement, while the warehousing, manufacturing and retail sectors are witnessing a stable demand.

Source: <https://www.jll.co.in/en/trends-and-insights/research/pulse-real-estate-monthly-monitor-march>

- The stock of organised retail real estate is projected to increase by 28% to 82 million sq. ft. by 2023.

Source: <https://www.ibef.org/industry/real-estate-india>

- The expanding e-commerce sector is catalysing the demand for warehousing facilities, providing a positive thrust to the real estate market.

- Due to the growing use of digital technology and the migration of IT infrastructure to third-party providers, India's data centre industry has witnessed tremendous growth in recent years. It is expected to drive demand for 9.1 million sq ft of real estate space by 2025.

- The government's ambitious initiative, the 'Smart Cities Mission' might get an extension beyond the June 2023 deadline and benefit the real estate sector.

Exports

Despite the slowdown in the global economic activity, Finolex's total exports stood at Rs. 40 crores in FY 2022-23 as against Rs. 28 crores during FY 2021-22, registering a growth of 44% Y-o-Y.

Key Financial Ratios

Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 requires reporting of significant changes (change of 25% or more compared to the immediately previous year financial) in the key financial ratios, along with detailed explanations thereof. During the FY 2022-23 except inventory turnover ratio and unquoted investment ratio none of the key ratios registered significant changes i.e., a change of 25% or more compared to the immediately previous financial year. Financial performance and key financial ratios for the last ten years are included elsewhere in the Annual Report and are available on the Company's website <https://finolex.com/>.

KEY STRENGTHS

- **Strong Brand Positioning:** With over five decades of industry expertise, Finolex has created a strong brand presence by leveraging its manufacturing and technical prowess, offering the highest quality products, high brand recall, and pan-India distribution network. The Company's foray into the fast-growing FMEG segment has successfully established it as a consumer validated 'Superbrand'. It also continues to augment its brand visibility and strengthen its unique presence through visual and digital media marketing.
- **Comprehensive Portfolio:** The Company has a diversified product portfolio comprising over 50,000 SKUs in wires and cables, FMEG, and home appliances segments. It has established itself as a one-stop solutions provider for all cabling and electrical requirements across institutional and government clients. Its FMEG segment has been generating encouraging market traction and steadily increasing its share in the revenue mix.
- **Superior Product Quality:** The Company continuously aims to deliver quality products and enhance customer satisfaction by adhering to the highest standards of quality, reliability, and durability. Its high-quality products at competitive prices provide a compelling value proposition to the customers. The Company stays consistent with its tagline 'Behtar ElektrikAL Ke Liye' by consistently investing in advanced manufacturing facilities, machinery, modern technology and robust R&D to enhance its manufacturing capabilities and deliver innovative and highest quality products.
- **Pan India Network:** The Company's wide distribution network, comprising 600 distributors, 5,000 channel partners and over 2,00,000 retailers, has a pan-India presence. This empowers Finolex to penetrate deeper into the market and efficiently supply large volumes of products to all the key markets across India. The Company has also launched an e-retail site to capitalise on the growing e-commerce trend, increase its presence in the retail segment and expand its customer base. The Company currently has 6 exclusive retail stores named 'Finolex House' and further plans to launch 15 stores by FY 2024. The Company aims to increase its retail touchpoints from the current 2,00,000 to approximately 2,50,000.
- **Backward Integration:** Finolex's backward integration and in-house manufacturing of key raw materials such as PVC compound, copper rods, optic fiber and FRP rods enable it to ensure the uninterrupted availability of key raw materials at a lower cost and desired quality. This enables the Company to deliver superior products at competitive prices.
- **Technical Collaborations:** The Company's partnerships with several competent and technologically superior companies enable it to deliver dynamic solutions with advanced technologies to cater to the emerging needs of consumers and create new growth avenues.

BUSINESS ENVIRONMENT FOR PRODUCT SEGMENTS WITH OUTLOOK

Impact of the Union Budget 2023-24

The Budget, inter alia consisted of the following initiatives that would provide lucrative opportunities in the real estate, power and telecom sectors:

- Increased capital investment outlay of Rs. 10 lakh crores in FY 2023-24 for infrastructure development will bolster the demand for wires and cables and other electrical products.

The Company is focussed on deploying efforts to benefit from the exponential opportunities in the infrastructure, real estate, power and telecom sectors, among others. It aims to upscale its capabilities and project execution strategy to strengthen its position and gain a competitive edge in the market. Furthermore, the Company has consistently been enhancing capacity in existing product lines basis the foreseen opportunities.

Electrical Cables

The electrical cables segment is the core business of Finolex, commanding the largest share of the revenue mix. Finolex manufactures high-quality, light-duty electrical cables and power and control cables that meet stringent international standard benchmarks.

- Light-duty electrical cables are primarily used for general purpose lighting. They are also utilised in industrial establishments and electrical panel wiring in various industrial facilities for electrification. These cables also find application in consumer durable goods, automobiles, agricultural pumps and small generators.
- The Company manufactures high-voltage power and control cables, designed exclusively for underground applications. These cables are insulated with fire retardant compounds and meet international technical and quality specifications. Finolex is equipped to manufacture cables from 1.1 kV to 66 kV. While power cables below 3.3 kV are used for connecting user points with the main power supply, cables above this threshold find extensive applications in intra-city electricity distribution networks.

Performance

Revenue from the Electrical Cables segment in FY 2022-23 stood at Rs. 3,683.51 crores as against Rs. 3,193.21 crores in the previous year. It accounted for 82.20% of total sales for the year under review. Volumes sold increased by 16% compared to the previous year.

Revival in the Realty and Infrastructure sector has helped boost the sales quantities for the company in the current year. The distribution network is proving to be beneficial, with the active participation from retail outlets resulting in increased sales volume. Additionally, focussing on project sales has led to growth in sales volume during the current period.

Due to sustained cost pressures Electrical Cable EBIT margin decreased from 13.00% in FY 2021-22 to 12.42% FY 2022-23.

Growth Drivers

The cables and wires (C&W) industry is expected to grow at a compound annual growth rate (CAGR) of 12% over FY 2021-26 driven by the government's initiatives for the growth of the power and infrastructure sectors and upbeat construction activities in the housing sector. Furthermore, electrification in rural regions, improved transmission and distribution systems along with increased demand for renewable power generation will augment the demand for electrical wires and cables.

- **Favourable government initiatives to improve electrification**

The demand for electricity in India has been growing rapidly, driven by the growing population, urbanisation, accelerating industrial and economic activities, infrastructure development, rising electrification and per-capita consumption. The Government's initiative 'Power for All' through several schemes such as Saubhagya, Deendayal Upadhyay Gram Jyoti Yojana (DDUGJY), Ujjwal Discom Assurance Yojana (UDAY) and Integrated Power Development Scheme (IPDS) has accelerated capacity addition in the country. Increased power consumption in India which grew 9.5% to 1,503.65 BU Y-o-Y in FY 2022-23, is driving demand for electrical cables and other electrical products.

The government is pushing for SG (Smart Grid) and broadband connections in villages, which will drive growth in communication cables, including optical fiber cables.

- **National Infrastructure Pipeline (NIP)**

The government launched the National Infrastructure Pipeline (NIP) with a forward-looking approach and a projected infrastructure investment of around

Rs. 111 lakh crores during FY 2020-25 to provide high-quality infrastructure across the country. The NIP currently has 8,964 projects with a total investment of more than Rs. 108 lakh crores under different stages of implementation. Additionally, PM Gati Shakti - National Master Plan and increased capital expenditure of Rs. 10 lakh crores for infrastructure will lead to the growth of the infrastructure sector, resulting in higher demand for wires and cables. Other initiatives such as 'Make in India' and the PLI scheme will also attract capital investment and further benefit the W&C industry. Furthermore, increased investments in railway electrification and metro trains have created opportunities for the wires and cables industry. Electrification of 6,542 RKM has been achieved during FY 2022-23 compared to 6,366 RKM in FY 2021-22, registering an increase of 2.76%.

Source: <https://www.pib.gov.in/PressReleasePage.aspx?PRID=1693183>

- **Clean energy transition**

The government targets of achieving 450 GW of installed renewable energy capacity by 2030 and about 280 GW (over 60%) is expected from solar. Increasing renewable power generation is creating considerable demand for electrical and speciality solar cables. Additionally, the government has set a target of 30 GW of offshore wind turbine installations by 2030 to exploit the wind energy potential of the Indian Coast. These offshore wind turbines will require a large volume of power cables and subsea umbilical cables.

- **Growth in urbanisation and the housing sector**

Rapid urbanisation and housing demand will lead to increased infrastructure development, resulting in an increased requirement for wires and cables. The increased allocation of Rs. 79,000 crores for PM Awas Yojana for the development of affordable housing in the country and the push for creating urban infrastructure in tier 2 and tier 3 cities through Urban Infrastructure Development Fund (UIDF) of Rs. 10,000 crores per annum in the Union Budget FY 2023-24 will further boost the demand for wires and cables.

Outlook

Backed by significant growth drivers, the electrical cables segment is well-poised to witness strong demand growth in the coming years. The Company's electrical cables cater to the critical requirements of the core sectors such as Energy, Transportation, Real Estate, and Building Materials, among others. The government continues to provide substantial capital outlay and pro-policy support for the growth of these industries as they are crucial in the holistic economic

development of the country. Finolex is well positioned to benefit from these strategic investments by the government in the coming years. The government's thrust towards infrastructure projects, pick-up in construction and real estate activity, and healthy demand from the power sector augur well for the demand for cables and wires. The Company expects demand momentum to continue from the construction and realty segments for electric cables.

Communication Cables

Finolex manufactures state-of-the-art, new generation communication cables and traditional telephone cables.

- The communication cables segment includes Copper-Based Cables and Optical Fiber (glass-based) Cables (OFC). Copper-based cables are categorised into LAN cables, Coaxial cables, PE insulated switchboard cables, and V-SAT cables. LAN cables are used for high-speed data transfer, whereas Coaxial cables are used in microwave connections, mobile towers, and feeding content to TV receiving sets. PE insulated switchboard cables are used in telephone instruments and EPABX (voice communication) systems. V-SAT cables facilitate last-mile connectivity by establishing a connection between V-SAT dish and a base station. Furthermore, the Company has also launched innovative special cables used for image capture, CCTV cameras and in-power solutions to leverage the growing demand for video surveillance.
- Optic Fiber Cables (OFC) are glass-based cables, capable of carrying maximum bandwidth and transmitting data at high speed. They are primarily used for data distribution by telecom companies and multi-service organisations. They are also used as trunk cables for long-distance networks.
- Communication cables are critical for infrastructure development and digitalisation across the country due to their demonstrated ability to transmit digital data at high speed and high bandwidth.
- Traditional telephone cables include copper-based JFTCs, which are laid underground and primarily used for landline telephone connectivity. Finolex is gradually reducing its focus on this segment as there is a significant decline in demand for JFTCs due to the increasing penetration of smartphones and technically advanced substitute OFCs. However, the Company continues to manufacture JFTCs with broadband features for public and private telecom companies and export markets as per the clients' requirements.
- The Company has introduced LAN Passive Components to its existing business of LAN cables. The product range includes patch cords, information outlet, patch card and faceplates. These components are especially useful in places like data centres, IT networks, conference rooms and branch office connections with high-density switches.

Performance

The communication cables segment (including optical fiber) recorded healthy sales of Rs. 579.0 crores in FY 2022-23 as against Rs. 379.8 crores in FY 2021-22. Fiber and fiber-based cables which almost doubled in volume and strong traction in optic fiber cables (52.5% YoY) contributed to revenue growth. Volume of all metal-based cables increased by 26%, and Optic Fiber cable volume grew by over 54.4%. However, margins in this segment were lower and more volatile than in wires. Communication cables continued to have poor profitability with EBIT margin of 2.2% compared to -3.4% in the previous year due to challenges faced by India's telecom sector.

Growth Drivers and Outlook

The government's thrust on digitalisation, the Bharat Net Scheme initiative and the rapid rollout of 5G to provide high-speed broadband access in the country are key driving factors for the growth of the communication cables segment. There is a dire need to replace the existing cables with quality fiber optic cables for high-speed broadband accessibility and seamless 5G services. Furthermore, the burgeoning need for data across industries has attracted several new players to set up large data centres in India, which is expected to trigger demand for optic fiber cables.

Going forward, the communication cable segment is expected to gain growth momentum, driven by strong traction in optic fiber volumes as 5G gains traction, aided by the government's planned capex. The Company expects revenue from this segment to grow by 18% compound annual growth rate (CAGR) over FY 2022-24. Additionally, BSNL's Department of Telecommunications (DoT) is planning to purchase a large volume of communication cables in the coming period, which is likely to provide an opportunity for the Company.

Copper Rods

Finolex integrated backwards to manufacture Continuous Cast Copper Rods (CCC rods), which are used in the production of copper-based electrical and communication cables. The Company engages in long-term contracts with local players for bulk purchase and cost-effective procurement of copper cathodes,

the key raw material for copper rods. Production exceeding captive requirements is sold to third-party customers.

Performance

The Company consumes majority of the production of copper rod segment. Third-party sales during FY 2022-23 stood at Rs. 23.22 crores compared to Rs. 18.82 crores in the previous year. The Company's business of copper rods was impacted by higher premiums on copper cathodes and lower premiums on copper rods, which lowered margins for third-party sales of copper rods. Finolex restricted its third-party copper rod sales to already committed parties or contracts with acceptable margin levels.

Growth Drivers and Outlook

As a key input for all copper-based electrical and communication cables, the demand for copper rods is expected to grow in line with the growth of the C&W industry. The demand for copper rods in the electrical segment is growing due to rapid infrastructure development activities in the country. Furthermore, the Company intends to benefit from selling surplus copper rods to third parties under the GST regime. The surge in sales of domestic and consumer appliances, transportation equipment, industrial machinery and other durable goods has also been leading to an increased demand for copper rods.

Others (FMEG and Home Appliances)

a. Electrical Switches, Switchgears and Lighting

The Company strategically diversified into the margin accretive FMEG segment to increase its B2C sales and reduce dependence on the C&W industry. The FMEG product portfolio includes lighting products, electrical switches, and low-duty switchgear. Its electrical wire accessories include doorbell, extension boxes, spike guard, angle holders, and batten holders, among others. The Company is focussed on leveraging its strong brand equity, technical expertise, vast distribution network, and competent sales team to grow its FMEG segment. It continues to strengthen its distribution network and nurture relationships with channel partners to increase its reach. It also continues to focus on building a strong loyal customer base by supplying high-quality products. The segment recorded sales of Rs. 71.56 crores during FY 2022-23 compared to Rs. 69.12 crores in the FY 2021-22. The increasing outreach with an ever-expanding distribution network and quality products provide a positive outlook.

b. Fans and Water Heaters

The Company's fans and water heaters segment is well accepted in the market owing to its quality, performance, aesthetics, and value-for-money proposition. The Company's strengths of the brand and reach, along with its after-sales service available at the customer's doorstep across the country have been supporting the product sales of this segment. This segment witnessed a sales of Rs. 52.8 crores in FY 2022-23 compared to Rs. 51.8 crores in the previous year. Volume growth in the appliances sector was impacted by inflationary pressures as well as subdued consumer sentiment. Furthermore, destocking due to anticipated changes in BEE (Bureau of Energy Efficiency) norms impacted the growth of the fans segment in FY 2022-23. The Company has launched new range of decorative and BLDC Fans. The innovative BEE 1-5 star rated BLDC fans deliver high energy efficiency, superior performance and premium aesthetics.

c. Irons

The Company launched Crease Free Irons in its home appliances segment. The 750W - 1600W range includes state-of-the-art steam and dry irons to provide consumers with affordable yet built-to-last products. The Company is optimistic about the positive performance of this product.

Outlook

The domestic demand for FMEG products is expected to remain robust. The Indian FMEG industry is poised to grow, driven by the government's thrust on supplying and ensuring energy supply across the country, urbanisation, evolving consumer aspirations, increasing awareness, rising incomes, digital connectivity and a shift to value-added branded products. Furthermore, the rise in dual-income households due to growing population of working women, increased disposable incomes and fast-paced lifestyles has propelled the demand for household appliances. To capitalise on the growing popularity of e-commerce and increasing digital and distribution penetration in the country, Finolex has developed an in-house dedicated online retail store. Additionally, it has launched exclusive retail stores named 'Finolex Houses' to improve its offline visibility. It has received positive response for both e-commerce and Finolex House channels.

The Company plans to achieve Rs. 500 crores of revenue from the FMEG segment in the next two to three years and scale up significantly. The addition of new products such as irons and other products is likely to add incremental margins. The Company is also likely to pursue inorganic growth opportunities in this segment.

Capital Expenditure and Investments in JV: During the year, the Company incurred Rs. 31.02 towards capital expenditure, predominantly towards the sustenance of existing capacity and product development activities. Of the above, the Company invested Rs. 10.78 crores in its Joint venture.

Liquidity: The Company continued with the "cash and carry" system of sales for all retail customers during the year. For institutional & OEM customers, the Company continued with the credit period mutually agreed as per the purchase order contract. The Company manages its liquidity through rigorous weekly monitoring of cash flows.

Profitability: The Company's profit before tax improved due to an increase in revenue in FY 2022-23, tighter control on operating expenses and dividends received from Associates.

Credit Rating: The Company's debts have been rated by CRISIL as depicted below:

Agency	Long-Term Loan	Short-Term Loan
CRISIL	AA+/Stable	A1+

During the year, the Company has serviced all its debt obligations on time.

Results of Operations: The Company registered a net cash inflow of Rs. 356.3 crores from its operations compared to Rs. 473.0 crores generated the previous year. Profit before tax and exceptional items stood at Rs. 646.0 crores as against Rs. 526.6 crores in last year.

Taxation: Tax outflow during the year increased proportionately with the increase in profit before taxation.

RISK MANAGEMENT

The Company has a comprehensive risk management framework for the timely and effective identification, assessment, and mitigation of key business and operational risks. It has a dedicated Risk Management Committee to oversee the risk management framework. The risk management committee regularly monitors the mitigation plans during the execution of the projects and ensures that risk management processes are strictly adhered to across all functional departments from the top management of the Company to managers operating at various execution levels. Furthermore, the Company also appoints external advisors to formulate strategies for managing key risks. While the segment-specific risks have been covered under 'Business Environment for Product Segments with Outlook', the key general risks and their corresponding mitigation measures are depicted below:

1. Competition Risk

The Company faces intense competition from both organised as well as unorganised players in the industry.

Mitigation

The Company has created a strong brand identity with its wide product portfolios and technical capabilities. It is strongly focussed in offering innovative and superior products that fulfil dynamic market requirements in terms of quality parameters and technical specifications. Furthermore, superior control over key raw materials through backward integration enables the Company to sell its products at competitive prices. With its foray into FMEG segment, it has become a one-stop shop solution for all electrical requirements. These attributes provide the Company competitive advantage in the market.

2. Policy Risk

The changes in government regulations and policies pertaining to housing and infrastructure sectors may impact the Company's revenues, order book and profitability. Furthermore, unfavourable changes in monetary policy may result in a rise in borrowing costs and impact project viability.

Mitigation

The Company caters to diverse industries which reduces the concentration risk of depending on an individual sector. It also positions Finolex to leverage growth in these sectors supported by sectorial allocations by the government. The Company's diversification into the FMEG segment reduces its dependence on cables and wires industry and insulates the overall business from negative policies or sectoral downturn. It also continues to focus on increasing exports to reduce domestic market exposure.

3. Volatility in Cost of Raw Material Risk

Sharp volatility in prices of raw materials such as copper, aluminium and fiber optics may significantly impact the Company's manufacturing cost, further resulting in the inability to supply the products to customers at competitive prices. While fluctuations in raw material prices are a pass-through for the Company, increasing volatility, especially in copper prices can still reduce its margins and may lead to a loss in market share.

Mitigation

Raw material hedging is a key mitigation action for the Company, and it engages in long-standing relationships with key suppliers to procure bulk quantities at competitive rates. Furthermore, it maintains adequate inventory levels at optimal costs by forecasting based on past and present trends for seamless production. The Company strives to maintain margin levels by linking product sales price to the raw material costs to mitigate the impact of unforeseen price fluctuations.

4. Exchange Rate Volatility Risk

The Company is exposed to foreign exchange fluctuation risk as it exports final products and imports key raw materials from the international markets. An adverse change in the currency exchange rate may result in lower realisations or higher input costs leading to lower profit margins.

Mitigation

The Company follows an efficient hedging policy to minimise the impact of adverse currency fluctuations. It also engages in appropriate long-term contracts with

foreign customers and suppliers to safeguard revenue and margins and lower currency rate risk.

5. Economic Risk

The geopolitical turmoil and global economic slowdown has a direct impact on the export business of the Company. In addition, supply chain disruptions may also restrict the export market and dampen customer demand.

Mitigation

The Company regularly assesses the geographical risks and feasibility of operating in a particular country or region through extensive market research to ensure low impairment risk. It also follows a lean operational and cost structure while proactively monitoring cash flows. Furthermore, it has established a comprehensive business continuity by leveraging the deep experience of its top management team to ensure agility and resilience in the crisis period. Additionally, the domestic

market will continue to provide sizeable business opportunities for the Company.

INTERNAL CONTROLS

The Company maintains a robust internal control system commensurate with the size, nature and complexity of its business. The internal control system is responsible for addressing the evolving risks in the business, reliability of financial information, timely reporting of operational and financial transactions, safeguarding of assets and ensuring strict adherence to the applicable laws and regulations. The internal auditors of the Company are responsible for regular monitoring and review of these controls. In addition, it has also appointed an external team to ensure the adequacy and efficacy of the control mechanism. The Audit Committee periodically reviews the audit reports submitted by the internal audit team and ensures correction of any variances, as may be required. Key observations are communicated to the management who undertakes prompt corrective actions.

ANNEXURE B

Corporate Governance

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

The Company's philosophy on Corporate Governance envisages attainment of transparency, accountability and propriety in the total functioning of the Company and in the conduct of its business internally and externally, including its interactions with employees, members, deposit holders, creditors, consumers and institutional and other lenders.

The Company believes that its systems and actions must be dovetailed for enhancing the performance and shareholder value in long term.

The Company has adopted certain practices to achieve good corporate governance; the salient ones being fairness and transparency in dealings, accountability for performance, effective management control by the Board of Directors of the Company (the "Board"), constitution of Board Committees as a part of internal control system, fair representation of professional, qualified, non-executive and Independent Directors on Board, adequate and timely disclosure of financial and

other information and prompt discharge of statutory obligations and duties. The Board has laid down a Code of Conduct for all Board members and Senior Management of the Company. The Code of Conduct has been hosted on the website (<https://finolex.com/>) of the Company.

2. BOARD OF DIRECTORS:

2.1 Constitution of the Board:

The Company believes that a diverse Board will further enhance the quality of the decisions made by the Board by utilizing the different skills, qualifications, professional experience, gender, knowledge, etc. of the members of the Board, necessary for achieving sustainable and balanced development.

The composition of the Board with reference to the number of executive and non-executive directors, amply meets the requirement of Corporate Governance provisions as specified in Regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations, 2015"). None of the Directors on the Board are related to each other.

The composition of the Board and category of Directors as on date of this report is as follows:

Category	Name of Directors
Promoter-Executive Director	Mr. Deepak Chhabria, Executive Chairman
Non Promoter- Executive Director	Mr. Ratnakar Barve, Executive Director- Operations
Independent Directors	Mr. Zubin Billimoria
	Mr. Sriraman Raghuraman
	Mrs. Vanessa Singh
Non Independent Non-Executive Director	Mr. Nikhil Naik

2.2 Meetings and Attendance records:

The Board meetings are to be held at least four times during the year coinciding with the presentation of each quarterly financial result. During the last Financial Year 9 (nine) Board Meetings were held i.e. on 28th May 2022, 12th August 2022, 27th August, 2022, 24th September 2022, 9th November 2022, 7th December 2022, 29th December 2022, 9th February 2023 and 28th March, 2023.

Attendance at meetings of the Board in Financial Year 2022-23 and at last Annual General Meeting (AGM) held on 28th September 2022, number of other Directorship, details of designation/ category and membership/ Chairmanship(s) of Board Committees of each Director in other companies as on the date of this report, is set out below:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Climate Change	Risk and opportunity	<p>FCL is committed to utilise technology which empowers customers and combatting global climate change by promoting energy efficient machinery and products.</p> <p>Extreme weather conditions can lead to disruptions in the supply chain.</p>	<p>Our innovative range of renewable energy products will play a crucial role in ensuring the long-term sustainability of our business. This transition enables us to position ourselves as a customer-focused provider of solar solutions, aligning seamlessly with our commitment to environmental consciousness and green initiatives.</p>	<p>Positive: Being conscious of the effects of climate change will help the Company to be better prepared and control the losses that would have otherwise materialised.</p> <p>Negative: Inability of the Company to create alternative operational capabilities could jeopardise the order fulfilment and affect the bottom-lines.</p>
2.	Human Capital	Risk and Opportunity	<p>Opportunity: Consistent investment in the growth & development of our people can make our human resources a key source of strength and a key competitive advantage.</p> <p>Risk: Retaining key talent and higher turnover could lead to increased rehiring costs and decreasing morale among existing workforce.</p>	<p>Finolex Cables asserts that allocating resources to enhance the skills and knowledge of their workforce not only serves as an incentive, but also empowers the Company to cultivate a highly capable, efficient, and effective staff. A variety of training sessions are organized to foster the skill enhancement of our staff. These encompass areas like Soft Skills, New Employee Induction, Negotiation Techniques, ISO Training, Quality Tools for Problem Solving, Human Rights Considerations, Work Ethics, Environmental Awareness, Fire Drills and Safety Protocols, Plastic Waste Management, and an array of awareness programs spanning work ethics, regulatory adherence, governance, Prevention of Sexual Harassment (POSH),</p>	<p>Positive: Retention of key talent leads to increased productivity in the long run.</p> <p>Negative: Higher attrition increases rehiring costs.</p>

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
				<p>HR protocols, operational practices, codes of conduct, IT security, data privacy, ethical conduct, social responsibility, and team cohesion are also conducted.</p> <p>We are focused on creating a diverse workforce, providing employees with an engagement framework, and addressing any concerns they may have through a reliable grievance redressal mechanism. Our ultimate goal is to create a more agile and engaged workforce that is better equipped to help us achieve our business objectives.</p>	
3.	Labour Rights and Practices	Risk	<p>The company's management of labour practices and supply chain can potentially create social risks, such as labour rights violations and substandard working conditions.</p>	<p>By implementing equitable labour practices, the company can enhance its standing and reputation, promote greater employee loyalty, and ultimately improve productivity while reducing employee turnover.</p> <p>The Company has a dedicated Compliance Tool to ensure complete compliance with all the applicable labour rules and regulations.</p>	<p>Positive: FCL also has an equal opportunity policy' which ensures that all the employees have the right to work in an environment that respects the dignity, self-worth, and basic human rights of every individual.</p>
4.	Community Relations	Opportunity	<p>Building strong community relations can improve the company's reputation in the eyes of stakeholders, customers, employees, and investors. A positive reputation can lead to increased brand loyalty and trust.</p>	<p>Engaging with the local community and supporting social causes can foster a sense of loyalty among customers who appreciate a company's commitment to making a difference.</p> <p>Building positive relationships with the community can act as a buffer during challenging times, helping to mitigate reputational and operational risks.</p>	<p>Positive: Community relations can create opportunities for partnerships, joint ventures, and collaborations with local organizations or businesses.</p> <p>Companies with strong community relations are more likely to have a sustainable and enduring presence, as they are deeply integrated into the local fabric</p>

R&D	Nil	Nil	Not applicable
Capex	0.40%	2%	Improvements in energy efficiency and reduced consumption of electricity across the operations of the Company. The Company is committed to producing advanced, energy-saving items like BLDC fans and eco-friendly wires in order to foster sustainability and diminish carbon emissions.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes. The company believes in harmonizing its business practices with sustainability objectives to secure sustainable growth. As inhabitants of the planet, we acknowledge that our operations rely on natural resources. Our objective is to establish a network of environmentally responsible practices that can be easily integrated into the supply chain. Prior to on boarding suppliers, the company obtains acknowledgment from vendors by collecting details of quality, health, safety, environment, information security management, and ISO parameter registrations. This is done to ensure adherence to ethical sustainability practices.

In our Purchase Order’s commercial terms and conditions, we have included a clause stating that the vendor must ensure that health, safety, and environmental requirements are clearly understood and faithfully implemented.

The Company manufactures products that are RoHS and REACH compliant, thus reducing and eliminating use of restricted raw materials.

Our objective is to collaborate with our suppliers in enhancing sustainability performance throughout our value chain. To achieve this, our Supplier Code of Conduct (SCoC) has been meticulously crafted to align with national and international standards, as well as global best practices concerning safety, health, environment, labour, human rights, ethics, and fair business.

As a result, we expect our suppliers to diligently follow the guidelines specified in the Supplier Code of Conduct (SCoC) and wholeheartedly abide by pertinent national and international laws, rules, and regulations. This dedication is vital in promoting responsible sourcing and the implementation of sustainable business practices throughout our value chain.

b. If yes, what percentage of inputs were sourced sustainably?

It is worth highlighting that in FY 2022-23, around 70% of purchased inputs, by value, were procured from sustainable sources.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Finolex Cables Ltd is committed to environmentally friendly practices and the sensible utilisation of resources. The company works constantly to reduce the environmental impact of its activities. Likewise, it is dedicated to fostering and maintaining a healthy community and ecosystem:

- a) Plastic: The Company responsibly disposes off plastic waste to authorised dealers.
- b) E-waste: The Company responsibly hands over the electronic products that are unwanted, not working, and nearing or at the end of their useful life to authorised dealers.
- c) Hazardous waste: Hazardous waste mis-management can have hugely harmful effects on the surrounding and community around operations. Contemplating the effects, the company's hazardous waste is disposed of by an authorised dealer.
- d) Other Waste: Reduction and reuse are the most effective ways one can save natural resources; thus, wooden pallets from major customers are brought back for recycling, reuse or disposed of to a scrap dealer at the end of its life.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, the waste collection procedures adhere to the EPR guidelines, and active measures are being pursued to develop strategies for achieving efficient and impactful waste management practices.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: No

7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

Finolex Cables has implemented various measures to reduce energy consumption. The Company consistently strives to enhance operational efficiencies, thereby minimizing energy usage and decreasing greenhouse gas emissions.

- In FY2023, we have consumed 6.87 million KWH of electricity from renewable energy sources, resulting in a reduction of 1601.87 MTCO₂e emissions in FY 2022-23.
- We have transitioned to using 100% LED lighting in all our plants and have ceased purchasing conventional lights such as HPSV/HPMV, CFL, etc.
- We are in the process of transitioning to cleaner fuels, with a focus on enhancing efficiency. This involves adopting Natural Gas, Biogas and renewable electricity supply whenever feasible.
- We are continually working to enhance our products, aiming for increased energy efficiency during usage and minimized energy consumption:
 - a. In the financial year 2023, we launched two new models of Wiggle ES fans featuring 5-star BLDC motor technology, consuming only 32 watts. These fans contribute to significant power savings, reducing energy consumption by up to 65-70% in the ceiling fan category.
 - b. BEE 3-star rating LED Bulbs (3 w, 5w, 7w, and 9w) with total number 2.4 million.
- Finolex Cables has implemented energy-efficient equipment, machinery and other related work in its major plants, prioritizing power savings and reducing energy consumption.

E.g. installed Variable Frequency Drives (VFD) in Air compressors and pumps, replace old 120TR chiller with 2x25TR chiller refrigerant: R407C, Automatic Harmonic filter panel 730A installed for Power quality improvement, MWD line overhauling has been carried out to enhance machine efficiency and minimize energy consumption, chiller tanks combined in insulation line to minimize energy consumption in chiller etc.

8. Provide details related to waste management by the entity, in the following format:

Total	5,089	3,783.44

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: No

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The company is fully dedicated to improving its performance in terms of safety, worker health, and environmental preservation within its business operations. It strongly emphasizes the importance of maintaining high standards of cleanliness, sanitation, and environmental protection. Consequently, our manufacturing process adheres strictly to practices that eliminate the generation of trade effluent and the use of toxic chemicals. The only types of hazardous waste produced are used oil and oil-soaked cotton waste, which are stored in a designated area on our factory premises in accordance with the guidelines set by the State Pollution Control Board (PCB). We maintain meticulous records of these materials and ensure their proper disposal by selling them to an PCB-approved authorized party.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

Not Applicable. The company does not have any operations/ offices around such areas.

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

None.

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:
Yes, the entity is compliant with the applicable environmental law/ regulations/ guidelines in India.

Leadership Indicators

This investment is carried at cost less impairment in the Company's standalone financial statements.</p> <p>Due to continuous losses being incurred by the joint venture, the Company's management has tested this investment for impairment in accordance with Ind AS 36 by comparing its recoverable amount with its carrying amount as at 31 March, 2023.</p> <p>The recoverable amount of the investment in joint venture is assessed based on future discounted cash flows of the joint venture (Enterprise Value).</p>	<p>Principal audit procedures performed</p> <p>We obtained an understanding of the Company's policies and procedures to identify impairment indicators for investment in joint venture and performed the following procedures in relation to the Company's management impairment assessment:</p> <ul style="list-style-type: none"> We tested the design and operating effectiveness of the Company's management controls over review of the impairment assessment including those over the forecasts of future cash flows and the selection of the discount rate. We evaluated the reasonableness of forecasts of future cash flows of the joint venture provided to us by the Company's management by comparing the forecasts to historical trend analysis.

Key Audit Matter	Auditor's Response
<p>We considered this as a key audit matter due to significant judgement involved in estimating future cash flows of the joint venture and in determining the discount rate to be used. Changes in inputs and assumptions could impact the results of the impairment assessment.</p>	<ul style="list-style-type: none"> With the assistance of our fair value specialists, we evaluated the reasonableness of the valuation methodology and discount rate by developing a range of independent estimates and comparing those to the discount rate selected by the management. We evaluated management's sensitivity analysis around the key assumptions such as discount rate and terminal growth rate, to ascertain the extent of change in those assumptions that would be required for the investment in joint venture to be impaired further.
	<p>We assessed the adequacy of disclosures made in the financial statements for the year ended 31 March, 2023.</p>

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report, including Annexures to Boards' Report, Corporate Governance and Shareholder's information, but does not include the standalone financial statements, consolidated financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes

maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial

statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended.

As more fully stated in Note 28.1 the reappointment and remuneration of the executive directors is pending before the Hon'ble High Court. Subject to the aforesaid in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provision of Section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 32 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the

Investor Education and Protection Fund by the Company except in respect of transfer of equity shares, as the Company is in process of transferring shares in terms of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 as amended from time to time, to the Investor Education and Protection Fund.

- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 39(b) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 39(b) to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided

under (a) and (b) above, contain any material misstatement.

- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in Note 16(b) to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend proposed is in accordance with section 123 of the Act, as applicable.

- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log)

facility is applicable to the Company w.e.f. 1 April, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended 31 March, 2023.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of **FINOLEX CABLES LIMITED** (“the Company”) as of 31 March, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and

perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls

with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at 31 March, 2023, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a program of verification of Property, Plant and Equipment so to cover all the items of Property, plant and equipment in a phased manner over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) Based on the examination of the registered sale deed / transfer deed / conveyance deed / Possession Certificate / Lease agreement / Encumbrance Certificate provided to us, we report that, the title deeds of all the immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment and capital work-in-progress, are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at 31 March, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the management is appropriate having regard to the size of the Company and nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) According to the information and explanations given to us, at any point of time of the year, the Company has been sanctioned working capital limits in excess of Rs.5 crores, in aggregate, from banks on the basis of security of current assets of the Company. In our opinion and according to the information and explanations given to us, the quarterly returns or statements, provisional/final containing, inter alia, amount of inventory and trade receivable, filed by the Company with such banks till the date of this report are in agreement with the unaudited books of account of the Company of the respective quarters.
- (iii) The Company has not granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause 3(iii) (c), (d), (e) and (f) of the Order is not applicable. The Company has made investments in, provided guarantee, to companies, or any other parties during the year, in respect of which:
- (a) The Company has stood guarantee during the year and details of which are given below:
- | Guarantee | |
|---|-------------------|
| A. Balance outstanding as at | Rs. 106.75 crores |
| balance sheet date | |
| - Joint Ventures (guarantee given to the bankers of Finolex J-Power Systems Limited, Joint Venture entity.) | |
- (b) The investments made, guarantee provided, and the terms and conditions of guarantee provided

during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

- (iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of, investments made and guarantees provided. Further, the Company has not granted any loans or provided securities during the year.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits. Hence, the reporting under clause 3(v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Companies Act, 2013 in respect of its products. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have

been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- (vii) (a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities during the year.

There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at 31 March, 2023, for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on 31 March, 2023 on account of disputes are given below:

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) The Company has not taken / drawdown any loans or other borrowings from sanctioned fund-based limits approved by the lenders. Hence reporting under clause 3(ix)(a) Order is not applicable.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilized term loans at the beginning of the year and hence reporting under clause 3(ix)(c) Order is not applicable.
- (d) The Company has not raised any funds on short-term basis during the year and hence reporting under clause 3(ix)(d) Order is not applicable.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its joint ventures or associate. Further, the Company does not have any subsidiary during the year.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

Notes to the Standalone Financial Statements

1. CORPORATE INFORMATION.

The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on two recognised stock exchanges (i.e. BSE & NSE) in India. The registered office of the Company is located at 26/27, Mumbai-Pune Road, Pimpri, Pune 411018 (India). The Company is principally engaged in the manufacturing of Electricals Cables, Communication Cables & other electrical appliances.

These standalone financial statements for the year ended March 31, 2023 were approved for issue by the Board of Directors in accordance with their resolution dated May 26, 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation & presentation and statement of compliance

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

These financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities which have been measured at fair value.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The standalone financial statements are presented in INR and all values are rounded to the nearest Crores in two digits, except where otherwise indicated.

2.2 Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires the management of the Company to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, useful lives of property, plant and equipment, provisions and contingent liabilities and fair value measurement of financial instruments. Key source of estimation of uncertainty in respect of employee benefits and measurement of deferred tax assets have been discussed in their respective policies.

2.3 Critical accounting estimates

i) Property, plant and equipment:

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.11.

ii) Impairment of Investments

The Company reviews its carrying value of investments in associate and joint ventures carried at cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

iii) Provisions

Provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.16.

Notes to the Standalone Financial Statements

iv) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. The policy has been further explained under note 2.18.

2.4 Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.5 Revenue recognition

Sale of goods

Revenue from the sale of goods is recognized at point in time when control of the goods is transferred to the customer, usually on delivery of the goods, customer acceptance and other indicators of transfer of control of goods to the customer. Revenue from sale of goods is measured at an amount that reflects the consideration ("transaction price") expected to be received in exchange for those goods.

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividends

Revenue is recognized when the Company's right to receive the dividend is established, which is generally when shareholders approve the dividend.

2.6 Foreign Currencies

The Functional Currency of the company is in the Indian rupee. Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction. Realized gains and losses as well as exchange differences arising on translation (at year end exchange rates) of monetary assets and monetary liabilities outstanding at the end of the year are recognised in the statement of Profit and Loss.

Non-monetary assets and liabilities that all are measured in terms of historical cost in foreign currencies are not retranslated.

2.7 Government Grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the

Notes to the Standalone Financial Statements

grant will be received. Government grants relating to income are determined and recognised in the statement of profit and loss over the period necessary to match them with the cost that they are intended to compensate and presented within other income. Government grants relating to the purchase of property, plant and equipment are reduced from the cost of the assets. The benefit of a Government loan at a below market rate of interest is treated as a Government grant, measured as the difference between proceeds received and the fair value of loan based on prevailing market interest rates.

2.8 Employee Benefits

2.8.1 Defined contribution plans

(a) Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or reduction in the future payments is available.

(b) Superannuation:

Superannuation fund, which is defined contribution schemes, are charged to the Statement of Profit and Loss on accrual basis. The Company has no further obligations for future superannuation fund benefits other than its annual contributions.

(c) Employees state insurance scheme (ESIC):

The company pays ESIC contribution to Employee State Insurance Corporation of India as per ESIC Act 1948. The Company has no further obligations other than its monthly contributions.

2.8.2 Defined benefits plans (Gratuity)

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect

of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans. A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

2.8.3 Compensated absences:

The Company provides for the compensated absences subject to Company's certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of un-availed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method. The liability which is not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised based on actuarial valuation as at the Balance Sheet date. Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur.

2.9 Leases:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Notes to the Standalone Financial Statements

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (2.23) Impairment of assets.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a

rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

2.10 Income Taxes

Current Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax

Notes to the Standalone Financial Statements

laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India where it generates taxable income, Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Taxes

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realized.

2.11 Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use and for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Depreciation commences when the assets are ready for their intended use. Freehold land and Assets held for sale are not depreciated.

Depreciation is provided for property, plant and equipment so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual value are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

The estimated useful lives in respect of Property, plant and equipment are mentioned below:

Asset Class	Useful Life Adopted (Years)	Useful Life as per Schedule -II (Years)
Plant & Machinery	10 to 25*	15
Solar Plant	25	NA
Buildings-Factory	30	30
Buildings-Others	60	60
Furniture & Fittings	10	10
Office Equipment	5	5
Computers & Peripherals	3 to 6	3 to 6
Vehicles	8	8
Dies & Moulds	6*	8

*As evaluated by internal technical personnel

Notes to the Standalone Financial Statements

2.12 Intangible Assets

Intangible assets acquired separately are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in the statement of profit or loss in the period in which the expenditure is incurred.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

The amortization policy applied to the Company's intangible assets to the extent of depreciable amount is, as follows:

Particular	Amortization
Computer Software	Over a period of 5 years

2.13 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurred in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.14 Assets Held for Sale

Non-current assets held for sale are measured at the lower of their carrying value and fair value of the assets less costs to sale. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment once classified as held for sale are not depreciated/ amortised.

2.15 Inventories

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on weighted average. Cost for this purpose includes cost of direct materials, direct labour, appropriate share of overheads. Net realisable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale.

Obsolete, defective, unserviceable and slow / non-moving stocks are duly provided for and valued at net realisable value.

2.16 Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

2.17 Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or

Notes to the Standalone Financial Statements

financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

2.18 Financial Assets

All regular way purchases or sales of financial assets are recognised and de-recognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.18.1 Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.18.2 Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are

measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

2.18.3 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

2.18.4 Investment in Joint Ventures and Associate

Investment in joint Ventures and Associate are measured and stated at cost less impairment as per Ind AS 27 - Separate Financial Statements.

2.18.5 Impairment of financial assets (other than financial assets at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes life-time expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life-time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. Also, refer note 12.1 on loss allowance on Trade receivable.

Notes to the Standalone Financial Statements

2.19 Financial liabilities and equity instruments

2.19.1 Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.19.2 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognized in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.19.3 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

2.20 Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts.

Derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in profit or loss immediately.

2.21 Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.22 Earnings per share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

2.23 Impairment of assets

Assets are tested for impairment whenever changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in used. For the purposes of assessing impairment, assets are grouped at the lower levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversals of the impairment at the end of each reporting period.

2.24 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or

Notes to the Standalone Financial Statements

after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the

amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

Note 6.2 :Disclosure as per Ind-AS 36, on Impairment of Investments in Joint Venture

The Company's investment in Finolex J Power Systems Limited (FJPS) is long term and strategic in nature. FJPS is engaged in manufacturing and sale of extra high voltage power cables. The operations of FJPS has continued to incur losses, resulting in its net worth being partially eroded. The management expects improvement in operations of FJPS in coming years and along with the Joint Venture partner, continues to support FJPS operations by infusion of equity as required.

Considering above, the Company had in accordance with Ind AS - 36 "Impairment of Assets" carried out an impairment assessment of its investment in FJPS by comparing its recoverable amount (enterprise value) with its carrying amount as at 31st March, 2023.

The recoverable amount of the investment in FJPS is assessed based on future discounted cash flows of FJPS (enterprise value).

During the year ended 31st March, 2023, the Company has infused further equity of Rs. 10.78 crores and impaired Rs. 16.00 crores (previous year Rs. 9.81 crores) leading to a total impairment of Rs. 188.57 crores upto 31st March, 2023.

Notes to the Standalone Financial Statements

Key assumptions used for value in use to determine the recoverable value are:

1- Discount rate - Weighted Average Cost of Capital (WACC) 15.00 % (Previous year 17.00%)

2- Terminal growth rate 4.00% (Previous year 4.00%)

Note 6.3: Corning Finolex Optical Fibre Private Limited: Discontinuation of JV Agreement

The Joint Venture partners of Corning Finolex Optical Fibre Private Limited ("Corning") in their extra ordinary general meeting held on 30th March, 2022 had approved the "Voluntary Liquidation" of Corning and appointed an insolvency professional duly registered under the Insolvency and Bankruptcy Code, 2016 as the "Liquidator" of the Corning. Corning is currently under liquidation and the financial statements of Corning has been prepared on the liquidation basis and not on going concern basis. Considering Corning is in process of liquidation and disposal of the same is other than through sale transaction, accordingly investment in Corning do not qualify as held for sale.

Note 12.1

Trade Receivables :

The average credit period for the Company's receivables is in the range of 30 to 60 days in respect of institutional sales and upto 180 days in case of sales to government owned entities. No interest is charged on trade receivables. Trade receivables balance as at 31st March, 2023 includes Rs. 36.92 crores due from Bharat Sanchar Nigam Limited, Bharat Broadband Nigam Limited, Southern Railway, Eastern Railway and Telecommunication Consultants India Limited (31st March, 2022 included Rs. 65.82 crores due from Bharat Sanchar Nigam Limited, Bharat Broadband Nigam Limited and Telecommunication Consultants India Limited), Rs. 138.35 crores due from Minda Corporation Limited, D-Link India Limited, Bharti Airtel Limited and Telesonic Networks Limited (31st March, 2022 included Rs. 52.40 crores due from Minda Corporation Limited, D-Link India Limited and Logenix Services Private Limited) which represents Company's large customers. Apart from the above there are no customers who individually represents more than 5% of the total balance of trade receivables.

Expected credit loss

For trade receivables, the Company applies a simplified approach in calculating expected credit losses (ECLs). Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. Movement in the expected credit loss allowance:

Notes to the Standalone Financial Statements

Nature and purpose :

Securities Premium :

Securities Premium is used to record the premium on issue of shares and is utilised in accordance with the provisions of the Companies Act, 2013.

Capital Reserve

The Company recognises the difference on purchase, sale, issue or cancellation of Company's own equity instruments to Capital Reserve. Capital Reserve is utilised in accordance with the provisions of the Companies Act, 2013.

General Reserve:

General Reserve is used from time to time to transfer profits from Retained Earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General Reserve will not be reclassified subsequently to statement of profit and loss.

Share buy back reserve

During the earlier years, the Company had bought back its own equity out of free reserves. Share buy back reserve (Capital Redemption Reserve) represents amount set-aside in respect of nominal value of the shares bought back as per the Companies Act, 2013.

Retained Earnings:

Retained Earnings are the profits of the Company earned till date net of appropriations.

Equity Instruments through Other Comprehensive Income

This Reserve represents the cumulative gains and losses arising on revaluation of equity instruments measured at fair value through Other Comprehensive Income, net of amounts reclassified to retained earnings when those assets are disposed off.

NOTE 33 :EMPLOYEE BENEFIT PLAN

33.1 Defined Contribution plan

The Company makes Provident Fund and Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law/scheme are paid to the Government administered Provident fund and in case of Superannuation to the Scheme set up as trust by the Company-Insurer. The Company is liable only for annual contributions.

The Company has recognised Rs. 6.14 crores (31st March, 2022 - Rs. 5.90 crores) for provident fund contributions.

Contribution for superannuation funds Rs. 2.00 crores (31st March, 2022 - Rs. Nil crores) in the Statement of Profit and Loss because the earlier surplus contribution are available for utilisation.

The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.”

33.2 Defined Benefit plan

Gratuity-Funded

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the separation date. The gratuity plan is funded plan. The Company has formed a trust and is governed by Trustees appointed by the Company. The Trustees are responsible for administration of the plan assets and investment strategy in accordance with the regulations. The funds are deployed in recognised insurer managed funds in India.

The following table sets out the status of Gratuity Plans as required under Ind AS 19.

Notes to the Standalone Financial Statements

Effect on DBO on account of change in the assumed rates:

DBO Rates Types Year	Discount Rate		Salary Escalation Rate		Withdrawal Rate	
	1%	1%	1%	1%	1%	1%
	Decrease	Increase	Decrease	Increase	Decrease	Increase
31 st March, 2023	(2.22)	2.56	2.52	(2.23)	(0.11)	0.12
31 st March, 2022	(2.19)	2.53	2.48	(2.19)	(0.19)	0.21

The sensitivity results above determine their individual impact on Plan's end of year Defined Benefit Obligation. In reality, the plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

The expected maturity analysis of undiscounted defined benefit obligation is as follows:

Actuarial Assumptions:	(Rs. In Crore)	
	As at 31 st March, 2023	As at 31 st March, 2022
Within 1 Year	3.30	2.99
Between 1-2 years	1.90	2.02
Between 2-3 years	2.32	2.11
Between 3-4 years	2.07	2.16
Between 4-5 years	2.31	1.87
Sum of 6-10 years	14.78	13.45
Sum of 11 years and above	37.25	34.72

Risk exposure:

Through the defined benefit plan, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset Volatility:

The plan liabilities are calculated using a discount rate set with reference to government bond yield. If plan assets underperform this yield, it will result in deficit. These are subject to interest rate risk. To offset the risk plan assets have been deployed in high grade insurer managed funds.

Inflation rate risk:

Higher than expected increase in salary will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligations is not straightforward and depends upon the combination of salary increase, discount rate and vesting criterion.

1.2. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. This includes quoted equity instruments, government securities and mutual funds (includes FMP) that have quoted price.
- Level 2 Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) such as derivative financial instruments. The Company does not have any Level 2 instruments as at 31st March, 2023 and 31st March, 2022.
- Level 3 Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This includes unquoted equity shares.

Unquoted	-	-	37.89	37.89
Total	881.03	-	37.89	918.92

Valuation technique(s) and key input(s):

- Level 1 The fair value of mutual funds (includes FMP) and quoted equity shares is based on net assets value (NAV) and quoted price.
- Level 2 The Company does not have any Level 2 instrument as at 31st March, 2023 and 31st March, 2022.
- Level 3 The fair value of unquoted equity shares is determined using market approach. This approach involves the application of multiples, derived from market prices of comparable listed companies, to the parameters of the subject company in order to derive a value for the subject company.

2. Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Company monitors the return on capital as well as the level of dividends on its equity shares. The Company's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

Notes to the Standalone Financial Statements

The capital structure is as follows:

Actuarial Assumptions:	(Rs. In Crore)	
	As at 31 st March, 2023	As at 31 st March, 2022
Total Equity	3,709.64	3,263.79

Equity as a percentage of total capital	99.99%	99.99%
Borrowing as a percentage of total capital	0.01%	0.01%

- (i) Debt is defined as long-term borrowings (including current maturities) and short-term borrowings (excluding contingent considerations, if any).
- (ii) Equity is defined as Equity share capital and other equity including reserves and surplus.

The Company is predominantly equity financed which is evident from the capital structure table. Further, the Company has always been a cash surplus Company with cash and bank balances along with investment. The Company's investment is predominantly in liquid and short term mutual funds being far in excess of debt.

3. Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity, which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

3.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

3.1.1 Foreign currency risk management

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar and Euro against the respective functional currency of the company. The Company enters into derivative financial instruments such as foreign exchange forward contract to mitigate the risk of changes in exchange rates on foreign currency exposures.

i The carrying amounts of the Company's foreign currency denominated monetary liabilities/ assets at the end of the reporting period are as follows:

	As at 31 st March, 2023		As at 31 st March, 2022	
	Foreign Currency (In Crore)	(Rs. In Crore)	Foreign Currency (In Crore)	(Rs. In Crore)

Notes to the Standalone Financial Statements

ii Derivative financial instruments

The Company holds derivative financial instruments such as foreign currency forward and option contracts to mitigate the risk of changes in exchange rate on foreign currency exposure. The counterparty for these contracts is generally a Bank or a Financial Institution. These derivative financial instrument are valued based on quoted prices for similar asset and liabilities in active markets or inputs that is directly or indirectly observable in the market place.

The following table gives details in respect of outstanding foreign exchange forward and option contracts:

Forward contracts	As at 31 st March, 2023			As at 31 st March, 2022

Against EUR	0.01	(0.01)	-	-

Notes:

1) +/- Gain/(Loss)

3.1.2 Interest rate risk management

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Considering borrowing amount outstanding as at 31st March, 2023 and as at 31st March, 2022, Company is not exposed to significant interest rate risk.

3.2 Credit risk management

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, loans, cash and cash equivalents, other balances with banks and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units (including FMP).

Notes to the Standalone Financial Statements

The Company takes on exposure to credit risk, which is the risk that counterparty will default on its contractual obligations resulting in financial loss to the company. Financial asset that potentially expose the Company to credit risks are listed below :

Independent Auditor's Report

To The Members of FINOLEX CABLES LIMITED

Report on the Audit of the Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of **FINOLEX CABLES LIMITED** ("the Company") and its share of profit (net) in its associate and joint ventures, which comprise the Consolidated Balance Sheet as at 31 March, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the other auditor on separate financial statements of the associate referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company, its associate and joint ventures as at 31 March, 2023, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company, its associate and joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their report referred to in the Other Matters section below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

We also assessed the history of fund infusion by the Company and the other joint venture partner in the joint venture in the past. • We evaluated the reasonableness of forecasts of future cash flows of the joint venture provided to us by the company's management by comparing the forecasts to historical trend analysis. • With the assistance of our fair value specialists, we evaluated the reasonableness of the valuation methodology and discount rate by developing a range of independent estimates and comparing those to the discount rate selected by the management. • We evaluated the company management's sensitivity analysis around the key assumptions such as discount rate and terminal growth rate, to ascertain the extent of change in those assumptions that would be required for the investment in the joint venture to be impaired. • We assessed the adequacy of disclosures made in the financial statements for the year ended 31 March, 2023.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the joint ventures and associate audited by the other auditor, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditor and consider whether the other information is materially

inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the joint ventures and associate, is traced from their financial statements audited by the other auditor.

- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Company including

its associate and joint ventures in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Company and of its associate and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and its associate and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management of the Company and of its associate and joint ventures are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and of its associate and joint ventures are also responsible for overseeing the financial reporting process of the Company and of its associate and joint ventures.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company and its associate and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associate and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of its associate and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial

statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by the other auditor, such other auditor remains responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

(a) The consolidated financial statements also include the Company's share of net profit of Rs. 83.50 crore and total comprehensive income of Rs. 83.42 crore for the year ended 31 March, 2023 as considered in the consolidated financial statements, in respect of 1 associate whose financial statements have not been audited by us. This financial statements have been audited by other

auditor whose report have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associate, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate is based solely on the report of the other auditor.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31 March, 2023, we have audited the internal financial controls with reference to consolidated financial statements of FINOLEX CABLES LIMITED (hereinafter referred to as “the Company”) and its associate and joint ventures, which are companies incorporated in India, as of that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Company its associate and joint ventures, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Company, its associate and its joint ventures, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the

Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the associate and joint ventures, which are companies incorporated in India, in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Company its associate and joint ventures, which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the

assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor referred to in the Other Matter paragraph below, the Company its associate and joint

ventures, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March, 2023, based on the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OTHER MATTER

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to 1 associate company which is incorporated in India, is based solely on the corresponding report of the auditor of such company incorporated in India.

Our opinion is not modified in respect of the above matter.

Notes to the Consolidated Financial Statements

1. CORPORATE INFORMATION.

The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on two recognised stock exchanges (i.e. BSE & NSE) in India. The registered office of the Company is located at 26/27, Mumbai-Pune Road, Pimpri, Pune 411018 (India). The Company is principally engaged in the manufacturing of Electricals Cables, Communication Cables & other electrical appliances

These Consolidated Financial Statements for the year end March 31, 2023 were approved for issue by the Board of Directors in accordance with their resolution dated May 26, 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation & presentation and statement of compliance:

These consolidated financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

These consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities which have been measured at fair value.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The consolidated financial statements are presented in INR and all values are rounded to the nearest Crores in two digits, except where otherwise indicated.

2.2 Basis of Consolidation

2.2.1 The consolidated financial statements comprise the financial statements of the Company and its Joint Ventures & Associate as at disclosed in note 2.2.9

2.2.2 An Associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy

decisions of the investee, but is not control or joint control over those policies.

2.2.3 A Joint Venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint ventures. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

2.2.4 The Company's investments in its associate and joint ventures are accounted for using the equity method. Under the equity method, the investment in a joint ventures or an associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Company's share of net assets of the associate or joint ventures since the acquisition date. Goodwill relating to the associate or joint ventures is included in the carrying amount of the investment and is not tested for impairment individually.

2.2.5 The statement of profit and loss reflects the Company's share of the results of operations of the associate or joint ventures. Any change in Other Comprehensive Income (OCI) of those investees is presented as part of the Company's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint ventures, the Company recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Company and the associate or joint ventures are eliminated to the extent of the interest in the associate or joint ventures.

2.2.6 If an entity's share of losses of an associate or joint ventures equals or exceeds its interest in the associate or joint ventures (which includes any long term interest that, in substance, form part of the Company's net investment in the associate or joint ventures), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Company has incurred legal or constructive obligations or made payments on behalf of the associate or joint ventures. If the associate or joint ventures subsequently reports profits, the entity resumes

Notes to the Consolidated Financial Statements

recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

2.2.7 The aggregate of the Company's share of profit or loss of an associate and joint ventures is disclosed on the face of the statement of profit and loss. The financial statements of the associate or joint ventures are prepared for the same reporting period as the Company. When necessary, adjustments are made to bring the accounting policies in line with those of the Company.

2.2.8 After application of the equity method, the Company determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint ventures. At each reporting date, the Company determines whether there is objective evidence that the investment in the associate or joint ventures is impaired. If there is such evidence, the Company calculates the amount of impairment as the difference between the recoverable amount of the associate or joint ventures or and its carrying value, and then recognises the loss as 'Share of profit of a joint ventures and an associate' in the statement of profit or loss.

Upon loss of significant over the associate or joint ventures, the Company measures and recognises any retained investment at its fair value upon loss of significant influence over the associate or joint control over the joint ventures. Any difference between the carrying amount of the associate or joint ventures upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

2.2.9 Details of Associate and Joint Ventures at the end of the reporting period which are considered in the preparation of the consolidated financial statements

Name of Entity	Principal Activity	Nature	Place of Incorporation	Proportion of ownership interest as at 31 st March, 2023
Finolex J-Power Systems Limited	High Voltage Cables	Joint Venture	India	49%
Corning Finolex Optical Fiber Private Limited	Optical Fibers	Joint Venture	India	50%
Finolex Industries Limited	Pipes and Fittings	Associate	India	32.39%

Other Significant Accounting Policies

2.3 Use of estimates and judgements

The preparation of these consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, useful lives of property, plant and equipment, provisions and contingent liabilities and fair value measurement of financial instruments. Key source of estimation of uncertainty in respect of employee benefits and measurement of deferred tax assets have been discussed in their respective policies.

2.4 Critical accounting estimates

i) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.12.

ii) Provisions

Provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of

Notes to the Consolidated Financial Statements

which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.17.

iii) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. The policy has been further explained under note 2.18.

2.5 Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets or liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.6 Revenue recognition

Sale of goods

Revenue from the sale of goods is recognized at point in time when control of the goods is transferred to the customer, usually on delivery of the goods, customer acceptance and other indicators of transfer of control of goods to the customer. Revenue from sale of goods is measured at an amount that reflects the consideration ("transaction price") expected to receive in exchange for those goods.

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividends

Revenue is recognized when the Company's right to receive the dividend is established, which is generally when shareholders approve the dividend.

2.7 Foreign Currencies

The Functional Currency of the company is in the Indian rupee. Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction. Realised gains and losses as well as exchange differences arising on translation (at year end exchange rates) of monetary assets and monetary liabilities outstanding at the end of the year are recognised in the statement of Profit and Loss.

Non-monetary assets and liabilities that all are measured in terms of historical cost in foreign currencies are not retranslated.

Notes to the Consolidated Financial Statements

2.8 Government Grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grant will be received. Government grants relating to income are determined and recognised in the statement of profit and loss over the period necessary to match them with the cost that they are intended to compensate and presented within other income. Government grants relating to the purchase of property, plant and equipment are reduced from the cost of the assets. The benefit of a Government loan at a below market rate of interest is treated as a Government grant, measured as the difference between proceeds received and the fair value of loan based on prevailing market interest rates.

2.9 Employee Benefits

2.9.1 Defined contribution plans

(a) Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or reduction in the future payments is available.

(b) Superannuation

Superannuation fund, which is defined contribution schemes, are charged to the Statement of Profit and Loss on accrual basis. The Company has no further obligations for future superannuation fund benefits other than its annual contributions.

(c) Employees state insurance scheme (ESIC):

The company pays ESIC contribution to Employee State Insurance Corporation of India as per ESIC Act 1948. The Company has no further obligations other than its monthly contributions.

2.9.2 Defined benefits plans (Gratuity)

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding

net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans. A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

2.9.3 Compensated absences:

The Company provides for the compensated absences subject to Company's certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of un-availed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method. The liability which is not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised based on actuarial valuation as at the Balance Sheet date. Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur.

2.10 Leases:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Notes to the Consolidated Financial Statements

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (2.24) Impairment of assets.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are

incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

2.11 Income Taxes

Current Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are

Notes to the Consolidated Financial Statements

enacted or substantively enacted, at the reporting date in India where it generates taxable income, Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Taxes

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realized.

2.12 Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use and for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Depreciation commences when the assets are ready for their intended use. Freehold land and Assets held for sale are not depreciated.

Depreciation is provided for property, plant and equipment so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual value are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

The estimated useful lives in respect of Property, plant and equipment are mentioned below:

Asset Class	Useful Life Adopted (Years)	Useful Life as per Schedule -II (Years)
Plant & Machinery	10 to 25*	15
Solar Plant	25	NA
Buildings-Factory	30	30
Buildings-Others	60	60
Furniture & Fittings	10	10
Office Equipment	5	5
Computers & Peripherals	3 to 6	3 to 6
Vehicles	8	8
Dies & Moulds	6*	8

*As evaluated by internal technical personnel

Notes to the Consolidated Financial Statements

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, as appropriate.

2.13 Intangible Assets

Intangible assets acquired separately are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in the statement of profit or loss in the period in which the expenditure is incurred.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

The amortization policy applied to the Company's intangible assets to the extent of depreciable amount is, as follows:

Particular	Amortization
Computer Software	Over a period of 5 years

2.14 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist

of interest and other costs that an entity incurred in connection with the borrowing of funds. Borrowing cost also includes exchanged differences to the extent regarded as an adjustment to the borrowing costs.

2.15 Assets Held for Sale

Non-current assets held for sale are measured at the lower of their carrying value and fair value of the assets less costs to sale. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment once classified as held for sale are not depreciated/ amortised.

2.16 Inventories

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on weighted average. Cost for this purpose includes cost of direct materials, direct labour, appropriate share of overheads. Net realisable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale.

Obsolete, defective, unserviceable and slow / non-moving stocks are duly provided for and valued at net realisable value.

2.17 Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

2.18 Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value.

Notes to the Consolidated Financial Statements

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

2.19 Financial Assets

All regular way purchases or sales of financial assets are recognised and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.19.1 Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.19.2 Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent

changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

2.19.3 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

2.19.4 Impairment of financial assets (other than financial assets at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life-time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. Also, refer note 12.1 on loss allowance on trade receivable.

Notes to the Consolidated Financial Statements

2.20 Financial liabilities and equity instruments

2.20.1 Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.20.2 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognized in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.20.3 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

2.21 Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts.

Derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in profit or loss immediately.

2.22 Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.23 Earnings per share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

2.24 Impairment of assets

Assets are tested for impairment whenever changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in used. For the purposes of assessing impairment, assets are grouped at the lower levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Nonfinancial assets other than goodwill that suffered an impairment are reviewed for possible reversals of the impairment at the end of each reporting period.

2.25 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption

Notes to the Consolidated Financial Statements

of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the Consolidated financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or

after April 1, 2023. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its consolidated financial statement.

Note 6.3 :Disclosure as per Ind-AS 36, on Impairment of Investments in Joint Venture

The Company's investment in Finolex J Power Systems Limited (FJPS) is long term and strategic in nature and recognised and disclosed as investment in joint venture accounted for using equity method. FJPS is engaged in manufacturing and sale of extra high voltage power cables. The operations of FJPS has continued to incur losses, resulting in its net worth being partially eroded. The management expects improvement in operations of FJPS in coming years and along with the Joint Venture partner, continues to support FJPS operations by infusion of equity as required.

Considering above, the Company had in accordance with Ind AS - 36 "Impairment of Assets" carried out an impairment assessment of its investment in FJPS accounted for using equity method by comparing its recoverable amount (enterprise value) with its carrying amount as at 31st March, 2023.

The recoverable amount of the investment in FJPS is assessed based on future discounted cash flows of FJPS (enterprise value).

During the year ended 31st March, 2023, the Company has infused further equity of Rs. 10.78 crores and impaired Rs. 2.19 crores (previous year: reversed impairment of Rs. 3.51 crores) leading to a total impairment Rs. 31.96 crores upto 31st March, 2023.

Key assumptions used for value in use to determine the recoverable value are:

- Discount rate - Weighted Average Cost of Capital (WACC) 15.00% (Previous year 17.00%)
- Terminal growth rate 4.00% (Previous year 4.00%)

Note 6.4: Corning Finolex Optical Fibre Private Limited: Discontinuation of JV Agreement

The Joint Venture partners of Corning Finolex Optical Fibre Private Limited ("Corning") in their extra ordinary general meeting held on 30th March, 2022 had approved the "Voluntary Liquidation" of Corning and appointed an insolvency professional duly registered under the Insolvency and Bankruptcy Code, 2016 as the "Liquidator" of the Corning. Corning is currently under liquidation and the financial statements of Corning has been prepared on the liquidation basis and not on going concern basis. Considering Corning is in process of liquidation and disposal of the same is other than through sale transaction, accordingly investment in Corning do not qualify as held for sale. Hence, no adjustment is being made in the financial statements of the Company for the year ended 31st March, 2023 for its investment in Corning.

Note 12.1

Trade Receivables :

The average credit period for the Company's receivables is in the range of 30 to 60 days in respect of institutional sales and upto 180 days in case of sales to government owned entities. No interest is charged on trade receivables. Trade receivables balance as at 31st March, 2023 includes Rs. 36.92 crores due from Bharat Sanchar Nigam Limited, Bharat Broadband Nigam Limited, Southern Railway, Eastern Railway and Telecommunication Consultants India Limited (31st March, 2022 included Rs. 65.82 crores due from Bharat Sanchar Nigam Limited, Bharat Broadband Nigam Limited and Telecommunication Consultants India Limited), Rs. 138.35 crores due from Minda Corporation Limited, D-Link India Limited, Bharti Airtel Limited and Telesonic Networks Limited (31st March, 2022 included Rs. 52.40 crores due from Minda Corporation Limited, D-Link India Limited and Logenix Services Private Limited) which represents Company's large customers. Apart from the above there are no customers who individually represents more than 5% of the total balance of trade receivables.

Expected credit loss

For trade receivables, the Company applies a simplified approach in calculating expected credit losses (ECLs). Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. Movement in the expected credit loss allowance:

Notes to the Consolidated Financial Statements

Nature and purpose :

Securities Premium :

Securities Premium is used to record the premium on issue of shares and is utilised in accordance with the provisions of the Companies Act, 2013.

Capital Reserve

The Company recognises the difference on purchase, sale, issue or cancellation of Company's own equity instruments to Capital Reserve. Capital Reserve is utilised in accordance with the provisions of the Companies Act, 2013.

General Reserve:

General Reserve is used from time to time to transfer profits from Retained Earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General Reserve will not be reclassified subsequently to statement of profit and loss.

Share buy back reserve

During the earlier years, the Company had bought back its own equity out of free reserves. Share buy back reserve (Capital Redemption Reserve) represents amount set aside in respect of nominal value of the shares bought back as per the Companies Act, 2013.

Retained Earnings:

Retained Earnings are the profits of the Company earned till date net of appropriations.

Equity Instruments through Other Comprehensive Income

This Reserve represents the cumulative gains and losses arising on revaluation of equity instruments measured at fair value through Other Comprehensive Income, net of amounts reclassified to retained earnings when those assets are disposed off.

The sensitivity results above determine their individual impact on Plan's end of year Defined Benefit Obligation. In reality, the plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

The expected maturity analysis of undiscounted defined benefit obligation is as follows:

	(Rs. In Crore)	
	31 st March, 2023	31 st March, 2022
Within 1 Year	3.30	2.99
Between 1-2 years	1.90	2.02
Between 2-3 years	2.32	2.11
Between 3-4 years	2.07	2.16
Between 4-5 years	2.31	1.87
Sum of 6-10 years	14.78	13.45
Sum of 11 years and above	37.25	34.72

Risk exposure:

Through the defined benefit plan, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset Volatility:

The plan liabilities are calculated using a discount rate set with reference to government bond yield. If plan assets underperform this yield, it will result in deficit. These are subject to interest rate risk. To offset the risk plan assets have been deployed in high grade insurer managed funds.

Inflation rate risk:

Higher than expected increase in salary will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligations is not straightforward and depends upon the combination of salary increase, discount rate and vesting criterion.

Notes to the Consolidated Financial Statements

1.2. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. This includes quoted equity instruments, government securities and mutual funds (includes FMP) that have quoted price.
- Level 2 Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) such as derivative financial instruments. The Company does not have any Level 2 instruments as at 31st March, 2023 and 31st March, 2022
- Level 3 Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This includes unquoted equity shares.

Unquoted	-	-	37.89	37.89
Total	881.03	-	37.89	918.92

Valuation technique(s) and key input(s):

- Level 1 The fair value of mutual funds (includes FMP) and quoted equity shares is based on net assets value (NAV) and quoted price.
- Level 2 The Company does not have any Level 2 instrument as at 31st March, 2023 and 31st March, 2022.
- Level 3 The fair value of unquoted equity shares is determined using market approach. This approach involves the application of multiples, derived from market prices of comparable listed companies, to the parameters of the subject company in order to derive a value for the subject company.

2. Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Company monitors the return on capital as well as the level of dividends on its equity shares. The Company's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

Notes to the Consolidated Financial Statements

The capital structure is as follows:

Actuarial Assumptions:	(Rs. In Crore)	
	As at 31 st March, 2023	As at 31 st March, 2022
Total Equity	4,370.36	3,922.06
Total Borrowings	0.28	0.31
Total capital (borrowings and equity)	4,370.64	3,922.37
Equity as a percentage of total capital	99.99%	99.99%
Borrowing as a percentage of total capital	0.01%	0.01%

(i) Debt is defined as long-term borrowings (including current maturities) and short-term borrowings (excluding contingent considerations, if any).

(ii) Equity is defined as Equity share capital and other equity including reserves and surplus.

The Company is predominantly equity financed which is evident from the capital structure table. Further, the Company has always been a cash surplus Company with cash and bank balances along with investment. The Company's investment is predominantly in liquid and short term mutual funds being far in excess of debt.

3. Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity, which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

3.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

3.1.1 Foreign currency risk management

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar and Euro against the respective functional currency of the company. The Company enters into derivative financial instruments such as foreign exchange forward contract to mitigate the risk of changes in exchange rates on foreign currency exposures.

i The carrying amounts of the Company's foreign currency denominated monetary liabilities/ assets at the end of the reporting period are as follows:

	As at 31 st March, 2023		As at 31 st March, 2022	
	Foreign Currency (In Crore)	(Rs. In Crore)	Foreign Currency (In Crore)	(Rs. In Crore)

Notes to the Consolidated Financial Statements

ii Derivative financial instruments

The Company holds derivative financial instruments such as foreign currency forward and option contracts to mitigate the risk of changes in exchange rate on foreign currency exposure. The counterparty for these contracts is generally a Bank or a Financial Institution. These derivative financial instrument are valued based on quoted prices for similar asset and liabilities in active markets or inputs that is directly or indirectly observable in the market place.

The following table gives details in respect of outstanding foreign exchange forward and option contracts:

Forward contracts		As at 31 st March, 2023			As at 31 st March, 2022

3.1.2 Interest rate risk management

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Considering borrowing amount outstanding as at 31st March, 2023 and as at 31st March, 2022, Company is not exposed to significant interest rate risk.

3.2 Credit risk management

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, loans, cash and cash equivalents, other balances with banks and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units (including FMP).

Notes to the Consolidated Financial Statements

The Company takes on exposure to credit risk, which is the risk that counterparty will default on its contractual obligations resulting in financial loss to the company. Financial asset that potentially expose the Company to credit risks are listed below:

Actuarial Assumptions:	(Rs. In Crore)	
	As at 31 st March, 2023	As at 31 st March, 2022
Trade Receivables	217.76	177.15
Security deposit	4.45	4.33
Total	222.21	181.48

3.3 Liquidity risk management

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. The maturity profile of the financial liabilities are listed below:

- ii) intimate to the RTA of the Company, changes if any, in their names, registered addresses, email address, telephone/mobile numbers, and/or changes in their bank account details, if the shares are held in physical form.

iii) consolidate their holdings into one folio in case they hold shares under multiple folios in the identical order of names.

iv) dematerialize their Physical Shares to Electronic Form (Demat), since in terms of Regulation 40 of SEBI Listing Regulations, 2015, securities of listed companies can be transferred only in dematerialised form with effect from April 1, 2019, the only exception being in case of requests received for transmission or transposition of securities. Dematerialisation of shares would help to eliminate risks associated with Physical Shares. Members can contact the RTA viz., KFin Technologies Limited regarding the same.

17. The Securities and Exchange Board of India has made it mandatory for all companies to use the bank account details furnished by the Depositories for payment of dividend through Electronic Clearing Service (ECS) to investors wherever ECS and bank details are available.

In the absence of ECS facilities, the Company will print the bank account details, if available, on the payment instrument for distribution of dividend. The Company will not entertain any direct request from Members holding shares in electronic mode for deletion of/change in such bank account details and all such requests should be directly addressed well before the Record date period (which commences on 22nd September, 2023), to their respective Depository Participant where their shares are held in dematerialized form.

18. The Securities and Exchange Board of India has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form who have not done so are requested to submit the PAN to their Depository Participant with whom they are maintaining their demat account/s. Members holding shares in physical form must submit their PAN details to the RTA of the Company.

19. The unclaimed dividend of Rs. 13,59,980/- for the Financial Year 2014-2015 has been transferred to IEPF, pursuant to the applicable provisions of Section 124 of the Act, Members are requested to refer the website of the Company for the details made available by the Company pursuant to the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Second Amendment Rules, 2019 for information in connection with the unpaid/unclaimed dividend along with underlying shares thereto liable

to be transferred to Investor Education and Protection Fund (IEPF) administered by the Central Government.

As per Section 124(6) of the Act read with the IEPF Rules as amended from time to time, all the shares in respect of which dividend has remained unpaid/unclaimed for seven consecutive years or more are required to be transferred to an IEPF Account. In case the dividends are not claimed by the respective shareholders, necessary steps will be initiated by the Company to transfer the relevant shares held by the Members to IEPF along with dividend remaining unpaid/unclaimed thereon.

Members may please note that once the unclaimed dividend and relevant shares is/are transferred to the

IEPF, no claim shall lie against the Company in respect of the relevant shares and/or the individual dividend amounts which were unclaimed and unpaid for a period of seven years from the date that they first became due for payment and no payment shall be made by the Company in respect of any such claims.

Members may please note that even in the event of transfer of such shares and the unclaimed dividend to IEPF, they are entitled to claim the same from IEPF authorities by submitting online application in the prescribed Form IEPF-5 available on the website www.iepf.gov.in and sending the original documents mentioned in Form IEPF-5 duly signed to the Company along with Form IEPF- 5 for verification of claim.

Pursuant to Section 124 (5) of the Act, the unpaid dividend that will be due for transfer to the IEPF are as follows:

Type and year of dividend declared/paid	Date of declaration of dividend	% of dividend to face value	Unclaimed dividend amount as on 31 st March, 2023	Due for transfer to IEPF
Dividend 2015-16	08 th September, 2016	125%	38,06,578.00	15 th October, 2023
Dividend 2016-17	28 th September, 2017	150%	36,13,755.00	03 rd November, 2024
Dividend 2017-18	25 th September, 2018	200%	47,54,500.00	31 st October, 2025
Dividend 2018-19	18 th September, 2019	225%	51,39,329.00	24 th October, 2026
Dividend 2019-20	29 th September, 2020	275%	41,20,362.50	04 th November, 2027
Dividend 2020-21	29 th September, 2021	275%	45,30,417.50	04 th November, 2028
Dividend 2021-22	28 th September, 2022	300%	38,47,056.00	03 rd November, 2029

According to the IEPF Rules, the shares on which dividend has not been paid or claimed by the shareholders for seven consecutive years or more shall also be transferred to the IEPF Authority. Accordingly, the Company has transferred 17,606 shares for the Financial Year 2014-15 on which dividends were unclaimed for seven consecutive years as per the requirements of the IEPF Rules.

Members who have not yet en-cashed their dividend warrant(s) pertaining to the dividend for the Financial Year 2015-16 and onwards are requested to lodge their claims in this regard with the RTA immediately. It may be noted that the unclaimed Dividend for the Financial Year 2015-16 should be claimed by the Members on or before 12th October, 2023, else the same will be transferred to IEPF as required.

20. Members holding shares in demat mode, who have not registered their email addresses are requested to urgently register their email addresses with their respective depository participants, and Members holding shares in physical mode are requested to update their email addresses with the RTA by emailing

to einward.ris@kfintech.com immediately to receive copies of Annual Report in electronic mode .

21. Shareholders may send their questions in advance from their registered email addresses mentioning name, demat account number/folio number, email id, mobile number at investors@finolex.com latest by Friday, 22nd September, 2023. Questions received by the Company by the said date only will be considered for suitable reply by the Company.

22. Voting through electronic means:

In compliance with the provisions of Section 108 of the Companies Act, 2013 Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015, Regulation 44 of SEBI Listing Regulations, 2015, and relevant MCA Circulars, the Company is pleased to provide members the facility to exercise their right to vote during the AGM by electronic means and the business may be transacted through e-Voting Services provided by National Securities Depository Limited ("NSDL").

Except Mr. Deepak Chhabria and his relative(s) to the extent of their shareholding interest, if any, none of the other Directors or Key Managerial Personnel of the Company and/or their relatives directly or indirectly, financially or otherwise, are deemed to be concerned or interested in the said resolution.

Disclosure pursuant to provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Company holds 32.39% of the total Paid-up Equity Share Capital of its associate company, Finolex Industries Limited ("FIL"). Similarly, FIL holds 14.51% of the total Paid-up Equity Share Capital of the Company. As part of the succession planning put in place by late P. P. Chhabria, a founder promoter and former Chairman of the Company and other Finolex companies, the Company and FIL had entered into a shareholders' agreement in the form of a Memorandum of Understanding ("**MoU**") pursuant to the approvals of respective Boards of the Company and of FIL on 11th October, 2011. The said MoU has been executed by the authorised Directors of the Company and of FIL and is executed under the respective Common Seals of the Company and FIL. One of the important stipulations (i.e. Clause No.5) of the said MoU is set out below for reference of the Members.

Quote:

FIL hereby notes that Shri Deepak K. Chhabria is presently the Managing Director of FCL. Similarly, FCL hereby notes that Shri Prakash P. Chhabria is presently the Managing Director of FIL. Each party hereby agrees to ensure that their respective voting rights in the other company are not utilized to inconvenience or displace or remove:

- (i) Shri Prakash P. Chhabria from the post of Managing Director or any other higher post to which he may be elevated to in FIL in future unless he is incapacitated or otherwise disqualified or unwilling to act as such in FIL; or
- (ii) Shri Deepak K. Chhabria from the post of Managing Director or any other higher post to which he may be elevated to in FCL in future unless he is incapacitated or otherwise disqualified or unwilling to act as such in FCL.

Unquote

The said MoU has been strictly adhered to by Finolex Cables Limited from the date of its execution on 11th October, 2011. Accordingly, Members may note that FIL is required to vote

positively in respect of the ordinary resolution at Item No. 4 pertaining to reappointment of Mr. Deepak Chhabria.

The management and control of the Company is subject matter of agreements amongst members of the promoter group. The Company has made a statutory disclosure (<https://finolex.com/wp-content/uploads/2023/08/Listing-Obligations-and-Disclosure-Requirements-2023.pdf>) of the same under Regulation 30(2) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015 read with Clause 5A of Para A of Schedule III thereof and the SEBI Circular bearing no. SEBI/HO/CDF/CFD-PoD-1/P/CIR/2023/123 dated 13th July, 2023.

Mr. Deepak Chhabria is the Executive Chairman and a whole-time Director of the Company. The major shareholders among the promoter group are Orbit Electricals Pvt. Ltd. ("**Orbit Electricals**") which holds 30.7% and Finolex Industries Limited ("**FIL**"), also a listed company, which holds 14.51%. Mr. Prakash Chhabria, a cousin of Mr. Deepak Chhabria, is in control over both Orbit Electricals and FIL.

Kishan P. Chhabria (father of Deepak Chhabria) ("**KPC**") and the Late Pralhad P. Chhabria (father of Prakash Chhabria) ("**PPC**") were brothers who jointly promoted the Finolex Group of Companies. The family members are party to a family arrangement that was agreed upon between KPC and Late PPC for equal distribution of the historically unequal shareholding in Orbit Electricals amongst their respective lineal descendants.

The family arrangement between KPC and the Late PPC was implemented and crystalized by the Late PPC through various documents (executed during the lifetime of Late PPC). These documents and their essence are also embodied in the Articles of Association of Orbit Electricals.

The family arrangement inter alia also provides for Mr. Deepak Chhabria and his direct lineal descendants to wield management and control of the Company. The same is also mentioned in Clauses 12 and 13 of the Trust Deed dated 12th March 2012.

The understanding that the management and control of the Company shall continue to remain with Mr. Deepak Chhabria was confirmed by Clause 2 of the Supplementary Trust Deed of 'Pralhad Chhabria Trust' dated 20.08.2012.

Another arrangement between the Company and Finolex Industries Limited, is recorded in a Memorandum of Understanding dated 11.10.2011 ("**MoU**"), which also confirms the above understanding between the parties and inter alia expressly sets out that FIL will not vote against the election of Mr. Deepak Chhabria as the Managing Director,

Chairman and any other post to which he may be elevated within the Company.

Considering the above and pursuant to the provisions of Article No. 141 (1) (a) of the Articles of Association of the Company, MoU, the Trust Deed dated 12th March 2012, Supplementary Trust Deeds dated 20th August 2012, and 4th January 2014, Articles 59 and 60 of the Articles of Association of Orbit Electricals as on 30th September 2014 (sub-judice) and the last will and testament of Late P. P. Chhabria dated 15th October, 2014, it is proposed to approve re-appointment of Mr. Deepak Chhabria as Whole Time Director designated as an "Executive Chairman" of the Company with effect from 1st July, 2023 for a further period of five (5) years up to 30th June 2028 i.e. up to close of business hours at a revised remuneration.

Except Mr. Deepak Chhabria and his relative(s) to the extent of their shareholding interest, if any, none of the other Directors or Key Managerial Personnel of the Company and/or their relatives directly or indirectly, financially or otherwise concerned or interested in the said resolution.

The Board recommends the re-appointment of Mr. Deepak Chhabria as an Executive Chairman under the legislation applicable from time to time, on the main terms and conditions set out in the Notice.

Item No. 5

The Board of Directors of the Company on the recommendation of the Audit Committee has approved the appointment of M/s. Joshi Apte & Associates, Cost Accountants, Pune (Firm Registration No.00240), to conduct audit of the cost records of the Company for the Financial Year ending March 31, 2024 (Financial Year 2023-24 at a remuneration of Rs. 6,00,000/-).

In accordance with the provisions of Section 148 of the Companies Act, 2013 (the "Act") read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the Members of the Company. Hence this resolution is put up for the consideration of the Members.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives are directly or indirectly concerned or interested, financially or otherwise in the resolution set out at Item No. 5 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 5 of the Notice for approval by the Members.

Item No. 6

Article 121(2) of the Articles of Association of the Company, inter alia, provides for payment of remuneration by way of

commission to Director, who is neither in the whole-time employment nor a Managing Director of the Company, if the Company by a Special Resolution authorises such payment.

Section 197 of the Companies Act, 2013 (the "Act") provides, inter alia, that a Director, who is neither in the whole-time employment of a company nor a Managing Director may be paid remuneration by way of commission not exceeding one percent of the net profits of the Company, if the Company has a Managing or whole time Director, provided such payment is authorised by a special resolution passed in that behalf. The shareholders at 50th Annual General Meeting held on 25th September, 2018, had earlier passed a resolution for making a payment of remuneration by way of commission to such Directors upto a limit not exceeding one percent of the net profit of the Company as calculated under the provisions of the Act or Rupees Two Crore whichever is less. The resolution was valid from 1st April, 2018 up-to 31st March 2023.

However, having regard to the time and attention devoted by such Directors to the affairs of your company and in view of the responsibility cast on the Directors under the Act and Rules made thereunder, it is proposed to approve the said ceiling limit not exceeding one percent of the net profit of the Company as calculated under the provisions of the Act or Rupees Two Crores whichever is less, from the accounting year commencing from 1st April, 2023.

Since this resolution relates to the payment of remuneration to non-whole time Directors, each of the Directors who is neither in the whole-time employment nor is the Managing Director of your Company is interested and concerned in this resolution.

None of the other Directors/Key Managerial Personnel of the Company and/or their relatives are directly or indirectly whether financially or otherwise concerned or interested in this resolution.

The Board recommends the Special Resolution set out at Item No. 6 of the Notice for approval by the Members.
